MEMORANDUM

To: Mr. Ken Wingate, Chairman, and Members, Commission on Higher Education

From: Dr. Bettie Rose Horne, Chairman, and Members, Committee on Academic Affairs and Licensing

Annual Report on Licensing Activities, FY 2008- 2009 (For Information Only)

Background

This informational report on licensing activities has been prepared for the Commission's information. The information found in the tables covers the period from July 1, 2008, through June 30, 2009.

Under South Carolina law, all licenses for higher education institutions operating in the state are program- and site-specific. Thus, an institution must first be approved by the Commission to operate at a given site for the offering of a given program or programs. Under the following conditions an institution which is already licensed must apply for an amendment to its license when:

- It seeks to add a field or major not previously offered if that field/major constitutes more than 18 semester hours of credit.
- Academic requirements in an existing field or major are changed which constitute 25% or more of that field or major as originally licensed.
- Cumulative changes in the course of a calendar year equal or exceed 25% of the field or major as originally licensed.

Requests for initial licensure of new degree-granting institutions, amendments to existing licenses to add degree programs at in-state institutions, and amendments to existing licenses to add in-state sites to licensed institutions are all evaluated by the

licensing staff in the Division of Academic Affairs and Licensing. Staff then refers these requests to the Committee on Academic Affairs and Licensing with a recommendation for action.

For changes of less consequence than those described in the two paragraphs immediately above, a licensed institution meets the requirements of the law by simply notifying the Commission in writing. Such minor changes include institutional changes in:

- Course requirements in an existing program which constitute less than 25% of the program's academic requirements in a year.
- A "concentration" within a program of study which constitutes 18 credit hours or less.
- A name for an existing program of study.
- The mode of delivery for an existing program of study.

This report has been organized to reflect comprehensively the staff work required to assure that the law is applied appropriately in the licensing of qualified institutions seeking to offer academic programs of higher education within the state of South Carolina. Listed herein are the following sections:

- I. Approval of Initial Requests for Degree-Granting Institutions
- II. Amendments to Existing Licenses to Add New Degree Programs
- III. Amendments to Existing Licenses for Degree-Granting Institutions to Add New Sites
- IV. Nondegree (certificate and diploma) Activities
- V. Complaints, Records, and Agent Permits

I. Approval of Initial Requests for Degree-Granting Institutions

The Committee on Academic Affairs and Licensing and the Commission approved three applications for initial licensure in 2008-2009. One was for **Grand Canyon University** to recruit SC residents into its on-line bachelor and master programs; the second was for **Savannah College of Art and Design (SCAD)** to offer in **Bluffton** courses for a program leading to the B.A. degree in Equestrian Studies; and the third was for **Brown Mackie College** to open a branch in **Greenville** to offer programs leading to associate and bachelor degrees. The following table shows the programs approved for each institution.

IV. Nondegree (certification and diploma) Activities

In addition to licensing of degree-granting institutions, the Commission also licenses entities that offer certificate and diploma programs that prepare students for a pre-determined vocation. The Commission has delegated to the staff the authority to review and approve nondegree programs. As of June 30, 2009, CHE licensed 53 schools that offer nondegree programs. During the 2008-09 fiscal year, the staff approved initial licensure of the following eight schools:

Carolina Film Institute, Greenville
Carolina Massage School & Wellness Center, Mauldin
DeAbreu Modeling Consulting, LLC, Summerville
Dental Assisting School of SC, Mt. Pleasant
Dog Grooming School of the Lowcountry, Beaufort
East Coast Grooming School, Beaufort
Pee Dee Medical Training Center, Lake City
Plumstead Quality and Training Service, Inc., Greenville

Four nondegree schools ceased training during the 2008-09 fiscal year: Carolina Bodywork Institute (CBI), Greenville; DoveStar Institute, Hilton Head and Florence; General's Academy, Charleston; and North American Institute of Aviation (NAIA), Conway. The staff of the Commission coordinated the receipt and distribution of surety bond funds for refund of prepaid fees to NAIA and CBI students and payment to creditors of CBI for facilities to complete the training of the students. There were no refunds due or teach-out costs from the closing of DoveStar Institute or General's Academy.

IV. Complaints, Records, and Agent Permits

The licensing regulations require that each institution include a complaint procedure in its catalog. The procedure typically includes a formal process by which a student may approach institution officials and seek resolution through the institution. If the student cannot reach a satisfactory conclusion, he or she may submit a complaint to the Commission. During the year ended June 30, 2009, licensing staff received 60 complaints about 26 institutions. Seven of those were reports on a certificate-granting school, Mejias Medical Training, about the content and/or availability of clinical sites. The others were about a variety of issues ranging from misunderstandings about financial aid eligibility, charges, and refunds; eligibility for teacher or principal certification for education-related programs; and access to student services and advising. Members of the staff of the Commission refer students to other resources and mediate sharing of

information between students and school officials. In cases where students file formal complaints, the staff reviews the complaint, sends it to the school for response, transmits the response to the student, and negotiates resolution of the complaint. Sometimes complaints result in readdressing policies and procedures at the schools in order to avoid similar problems.

The Commission is the repository for records of schools that have closed. During the 2008-09 fiscal year, the Commission received 292 requests for transcripts.

The Commission also issues permits to agents who represent licensed institutions. The agents follow-up on leads generated by advertising and soliciting activities. During the 2008-09 fiscal year, the Commission issued 218 agent permits.
