Dear Sir,

Please, please vote AGAINST the gun bill. That is a real situation that can only get worst.

Also, PLEASE,PLEASE, PLEASE get something done on the road bill. One penny per year is not that most but you have a lot of tourists buying gas as they drive through SC.

How many years did it take to bring the flag down. Took 9 lives to bring it down. So how many lives how to be taken before you and the Senate and Governor say YES.
