

December 6, 2015

Dear Governor Nikki Haley,

On November 17, 2011, you stated in a town hall meeting: "If we're going to have a strong business climate in South Carolina, the one thing you have to do is take care of the businesses you already have. We are not going to let a government owned utility company be the reason a company shuts down".

Now, 4 years later, it appears that is exactly what you plan on doing.

Century Aluminum has gone to Santee Cooper time and time again with compromises, pleas, and offers to bridge financial gaps that may occur as a result of their request.

They were unanimously denied. Meeting requests were met with demands for silence. A board of property investors and real estate executives refused to answer questions of engineers with Master's Degrees because they were "too complicated" for them to understand.

A recent USC economic impact study predicts an impact of almost one billion dollars to your economy if the plant is allowed to shut down. Families will struggle to pay bills. Local businesses will lose customers. Unemployment will rise. Those who once gave in support of charity will soon find themselves in need of it.

I have not lived in SC for over a decade. However, I grew up there, lived for over 20 years in the Lowcountry, and still consider the area my home. Those affected are my friends. My family. The people I grew up with and their children.

I, and the over 2,000 people who have signed this petition are once again asking you to involve yourself in this matter. Take care of the businesses you already have. Take care of the citizens of your state. Take time to read the comments of the people this will affect.

Can't is not an option.

Sincerely,

Rachel Adamus

Rachel Adamus		2015-12-03	This factory is important to the Lowcountry.
Pamela Burke	Ladson, SC	2015-12-03	There will be so many people that depend on their century employment to live and raise their families. But not only that the economy in our area will take a detrimental loss in many ways! Santee Cooper CAN help! Are they only thinking about themselves and not on the lives that will be forever changed by their decision to not accept the \$60,000,000 deal with Century Aluminum? What about the \$900,000,000 loss that will be felt? Who is going to make up for that loss? Please keep Century open! Let the community know we work FOR each other and not against!
Jeff Burke	Mount Pleasant, SC	2015-12-03	I'm signing because the CEO of Santee Cooper doesn't care about the community that he serves. To Governor Haley, I just wanted to remind you that you told this company that you would not let them close because of power and to remind you of your motto "NO is not an option"
Paul Burke	Knoxville, TN	2015-12-03	We need to keep jobs here and support the family breadwinners that have worked for this company for so many years
Lindsey Wallace	Moncks Corner, SC	2015-12-03	This plants has taken care of my family for over 10 years!
cheri smoak	Bonneau, SC	2015-12-03	I believe it is unfair for a MONOPOLY like Santee Cooper to be able to dictate where anyone buys their power from.
Mary Wilson	moncks corner, SC	2015-12-03	These jobs are needed in Berkeley County. The closing of this plant will affect the economy
Dana Rogers	Marion, SC	2015-12-03	This operation supports friends and family. For some this is their only means of income.
william lansing	Goose Creek, SC	2015-12-03	This job supports my family. I would hate to see it go over a issue that can be resolved.
matthew futch	Goose Creek, SC	2015-12-03	It's my livelihood
Constance Barnhart	Ladson, SC	2015-12-03	No one should have a monopoly on power. They should agree to the transmission lines. Fair trade is good.
James Cumbee	Moncks Corner, SC	2015-12-03	These jobs are needed for the community and the state. This is one of the most productive smelters in the world per man hour. Power efficiency is at an all time high. I believe the root of the problem is the greed of Santee Cooper. How does a state agency give employees bonus money, that's right, they over charge their customers. No one on the Santee Cooper board cares, because there paychecks won't stop, their families will be fed. Christmas at Lonnie Carter's house will be just as grand as always, thanks to his almost \$400,000 a year salary. Good job looking out for fellow south Carolinians, douchebag.
Scott Hensarling	Mount Pleasant, SC	2015-12-03	My family depends on Mt. Holly. Please stop the monopoly and stop the overflow of cheap aluminum from China. KEEP AMERICAN JOBS. WE'RE LOSING THE AMERICAN DREAM.
Billy Stewart	moncks corner, SC	2015-12-03	I am an employee and I need my job. Also Nikki Haley needs to learn to keep her promises

Ralph Elsey	Moncks Corner, SC	2015-12-03	I think it's shameful that our public utility and our representatives, along with our governor, are willing to put South Carolinians out of work!!!
Eric Pratt	Holly Hill, SC	2015-12-03	I don't think it's right for a state own company to cost the state 600+ jobs and a billion dollars
Randy Davis	Moncks Corner, SC	2015-12-03	Without this company around, the job market will be flooded with 600 jobs and this community really depends on the revenue from its workers.
Michael Elthridge	Andrews, SC	2015-12-03	There are a lot of people that work there that should not lose their jobs over some big business crap. Not to mention the people of that area that depends on the income from them being there working and spending money there that they will feel the hurt from that also. Santee Cooper should be able to get away with what they are doing and the Governor's Office should step in and do something. If there isn't a law that prohibits them from doing it then they should have to treat plant the same way they (Santee Cooper) treat others they transmit for.
Debra Weninger	Summerville, SC	2015-12-03	These people need their jobs. It's hard to find a good job that pays well, especially when your older & have no college education, trust me I know, it's the boat I'm in. Tara Alley	Goose Creek, SC	2015-12-03	This shouldn't happen. 600 jobs lost, 3 families lose their house, \$975 million loss to the State.
Mary Mears	Osceola, IN	2015-12-03	I'm signing because I want to save Mt. Holly!

Tom Morrison	Summerville, SC	2015-12-03	<p>Point A) Santee Cooper has already adjusted for/projected the potential loss of the aluminum plant as a customer according to recently released board meeting documents from July 2015.</p> <p>Point B) The required power load is already being transmitted through the existing infrastructure and an increase in power demands is not foreseeable due to current market conditions.</p> <p>Point C) 75% of the aforementioned power load is currently being provided by an out-of-state provider</p> <p>Such is the problem with state sanctioned "natural monopolies" such as utility providers. Either stick to your mission statement of providing affordable power and encouraging economic development, or get the state-supported power cronies out of the way and let the other power company take care of business.</p>

Lisa Adkins	Eutawville, SC	2015-12-03	My husband works 60 plus hours a week here to provide for our family. It also gives us good health insurance and 401k, all that which we are about to lose. We will have to start over and depend on government assistance until we can both find what we can to make ends meet. This is devastating to us. Mt holly needs to stay open 100%.

Heather Howell	Goose Creek, SC	2015-12-03	My Father Richard Hill has been with this company since it opened in Goose Creek, he absolutely LOVES his job and is able to provide for his wife (my mother) who has health issues. Forcing this plant to shut down is putting a lot of families financially at risk as well as losing a great company that gave back to the community as well.

Jackie Duncan-Watts	Eutawville, SC	2015-12-03	I worked at Mt. Holly for 34 years. I am retired, and it is sad to see a STATE owned utility turn it's back on the citizens of South Carolina and Berkeley County.
Ken Malcom	Summerville, SC	2015-12-03	There is no justifiable reason Santee Cooper should not be able to come to some kind of agreement to keep this plant open. There is a solution. You have to be willing to find it.
Courtlyn Moorman	Moncks Corner, SC	2015-12-03	There's already too many people without jobs who have no desire to work. Why take away jobs from hard working citizens?
Brenda Ard	Ridgeland, SC	2015-12-03	This plant is important to the economy and closing it indeed would impact the community
Johnny Scott	Moncks Corner, SC	2015-12-03	Santee is a power company meant to help the rural community. Profit can't be put over locals and companies willing to call us home!

megan kaufield	Bensalem, PA	2015-12-04	I think it would be an awful shame for people to lose their jobs because of this.
Bill Singleton	Moncks Corner, SC	2015-12-04	If all our U.S. Smelters shut down then we have to get our Aluminum from a Foreign Country (China) now Aluminum is l'm the wheels on your car in air planes in the a.c. In your homes and cars. Now think of how many things have come from China that end up being bad for you or your Family. Keep ML. Holly open. Thank you
David Adamus	Verona, NJ	2015-12-04	My father in law works at this plant, and has been a loyal / dedicated employee for the last 20 years. He retired from the military, and wanted to work for Alcoa more than anything else. At this stage in his career, it would be very difficult to start again. Not to mention local jobs being lost as well.

Niki Griffin	Eutawville, SC	2015-12-04	My husband the bread winner of our family of 8 will be one of the ones having to find a new job. He has worked for the company 14 years and we have 6 children. This is a very painful experience as an adult but the emotional street it puts on our kids is crazy. (16, 14, 12, 12, 11, 10 are there ages)
Theresa Futch	Ladson, SC	2015-12-04	I'm signing because my son and my brother works there. And because Santee Cooper needs to do the right thing and stop being concerned about stock holders and the people's lives that this will affect. Stop putting profit before people!

Pamela Margate	Goose Creek, SC	2015-12-04	I have many friends and family members that work at this plant. They have always spoke highly of this company and love their jobs. I believe their loyalty says it all and now it's time for the ones in charge to show their appreciation and do all they can to repay these deserving people by taking every step necessary to keep this plant open. All they want to do is work!!!!

Karen Wilsey	Fayetteville, NC	2015-12-04	My brother works there and it will be hard for him to find another job. Come on Santee Cooper have a heart. Remember all the food and toy drives to help the community now the 600 people who are employed with you will be part of a hand out from another plant or SC benefits.
Lynn Elenbark	Summerton, SC	2015-12-04	This is going to have a negative impact on the state. We don't need greedy people in charge of company's. I have many family members as well as friends that rely on this job to survive. Our governor needs to step up and find out why Santee Cooper wants to be so greedy, and raise prices on their customers when it's costing them less and less to supply power. Save the jobs, save the family's and the community!!
Barbara Crawford	Summerville, SC	2015-12-04	I don't want all these jobs lost. I know some people who work at this plant.
Jennifer Leak	Charleston, SC	2015-12-04	Santee-Cooper needs to find a way to work with Century Aluminum to help preserve the jobs and the economic support to our community.
Woody Benton	Eutawville, SC	2015-12-04	Hoping to keep my job
Debra Reeves	Green Cove Springs, FL	2015-12-04	I'm signing because the closing of this company would be devastating to a large population of families in the Charleston area unnecessarily. This company is vital for many families in Goose Creek & surrounding cities as it is their main source of income. What is to come of those homes? More foreclosures. More families in debt and on welfare and less money circulating in the local businesses thereby robbing them as well. Generations in my family have been and still are loyal employees at Alcoa.
James LEE	Bonneau, SC	2015-12-04	BERKELEY COUNTY'S BACKBONE

Chris Coombs	Moncks Corner, SC	2015-12-04	Keep the jobs. The state run agency needs to support Goose Creek and not just Pinopolis!
Monica Smith	Summerville, SC	2015-12-04	My husband works at this plant. Not only that, 599 other hard working individuals are at risk. Also, the business I work for hauls materials to this plant and will be effected as well. How could Santee Cooper prefer to let this plant shut down entirely to then make no profit instead of letting them pull power from somewhere else and still make profit for wheeling it?
larry hamby	Goose Creek, SC	2015-12-04	Closing this plant would have a negative impact on this community .
Steve Denniston	Goose Creek, SC	2015-12-04	I believe the ripple effect will do as much or even more economic damage then Anyone can see right now.

Sandra Boyd Brown	Vance, SC	2015-12-04	Not only do I have family and friends who will lose jobs, but as a small business owner in Holly Hill, we will lose customers because they will have to move else for jobs. A lot of Small Businesses in 4 counties will be affected by plant closing.
Belinda Riffe	Moncks Corner, SC	2015-12-04	Support our local economy!!
Kaley Vinson	Moncks Corner, SC	2015-12-04	It's not right to take away all those jobs and leave these families this way right after Christmas because you don't want to make a compromise and take a fair share instead of being a greedy monopoly because you can!
Valerie Taylor	Holly Hill, SC	2015-12-04	I am an employee and this is my livelihood. Mt. Holly is my family.
Anthony Croker	Moncks Corner, SC	2015-12-04	Stop being greedy

Lason White	Summerville, SC	2015-12-04	Berkeley County resident
Gary Cooper	Goose Creek, SC	2015-12-04	This is about a lot more than 600 workers at Century, this is about truck drivers, contractors, vendors and it is about fairness to the entire region. It will affect Santee Cooper the same way because they cannot supply the power economically this way they can at least get transmission costs.
Brian Carey	Summerville, SC	2015-12-04	Obama has destroyed too many jobs. Save the ones we can. I would be willing to pay more. It's time to stand up
Meredith Mangum	Goose Creek, SC	2015-12-04	I work for Century and need this income. We work very hard and most employees think of each other as family. We make a critical material for many industries and contribute to our local and state economy and many worthy charities.
Krystle Leon	Ladson, SC	2015-12-04	I'm signing because my dad has worked for this company for 26 years. Closing means that his retirement he worked so hard for will be cut short. He will be fined to take it early and at 56 years old finding another job making what he makes will be near impossible.
Gary HILTON	Ridgeville, SC	2015-12-04	It's the right thing to do.
Ricky Bair	Harleyville, SC	2015-12-04	This closing will not be good for our state economy, not to mention the unnecessary unemployment to many families.
Barbara Dwyer	Simpsonville, SC	2015-12-04	I don't want to see people lose their jobs.
Pamela Smith	Summerville, SC	2015-12-04	The only way to keep moving South Carolina forward is to keep South Carolinians working-600 families need their paychecks. CEO greed must stop. Be a role model Santee Cooper. Care about your local families and let them earn paychecks too! My son works every opportunity he gets to take care of his family and you are choosing to put an end to that and hundreds of other Lowcountry families too.
Michelle Tate	Moncks Corner, SC	2015-12-04	My family and friends depend on this plant!
Richard Bruce	Ladson, SC	2015-12-04	There is alot more than just the 600 jobs at stake. How about all the support businesses that 600 families use.

Chris DuRant	Hanahan, SC	2015-12-04	I'm not an employee, but I do live in the area. I have followed the story enough to comprehend that the plant closure will drastically affect our local economy in a negative way. chris Dangerfield	Goose Creek, SC	2015-12-04	If you can close a deal with Volvo to get them here and provide all kinds of tax breaks and benefits to that corporation, then what is stopping you from keeping Century open????
Randall Greene	Kissimmee, FL	2015-12-04	My family and friends work there
Jeffrey Sorenson	Ladson, SC	2015-12-04	I work at Century Aluminum and we all need to keep our jobs. Not just for ourselves, but for all the jobs connected to our plant

Mark Smith	Johns Island, SC	2015-12-04	It's important for South Carolina to keep all the businesses it has worked so hard to get. Good for state and country.
Terri Mingoia	Newark, DE	2015-12-04	I'm signing because I think Century Aluminum should stay open!
Hope Haynes	Summerville, SC	2015-12-04	These people need to keep their jobs. We know alot that work there. It will affect their families.
Rachel Furlong	Florence, SC	2015-12-04	My friend works here and I don't want him to lose his job
Karl Wiscaver	Holl hill, SC	2015-12-04	This plant closing will harm the entire state. Other companies will see this as a blow to their well being and locate elsewhere !!!
Madisen hansen	Goose Creek, SC	2015-12-04	I'm signing because many people I love work there. Also because my 58 year old father should not have to restart his career.
Tina Pritcher	Vance, SC	2015-12-04	I am supporting Mt Holly because there are so many in my community that work there, some have worked there for the many years. This plant is the source of many incomes, that supports many people. This closure will not only affect the workers, it also will affect the economy of the surrounding areas. Less money being earn, less money being spent at the area business. Please take in consideration of all the areas. It may be the determination is somebody is able to purchase their next meal or worst yet, they may not be able to buy their medication.
Mark Hansen	Goose Creek, SC	2015-12-04	I'm a South Carolina citizen, I work for Century Aluminum at the Mt. Holly plant in Goose Creek, and our public utilities company, better known as Santee Cooper is not willing to let us get competitive power to run our facility. Santee was built for the people of South Carolina. This just shows me that they have forgotten what their objective is. I'M ONE. Help save our job.

PAUL THOMAS	Summerville, SC	2015-12-04	I've always fought for what I felt was right. Santee Cooper is doing is wrong. They didn't plan on Mt Holly standing together in Solidarity. They thought we would have signed by now. Lonnie Carter, don't make another mistake, you also do what's right. And don't count on Governor Haley. She's the governor of the corporation by the corporation for the corporation All Jobs Matter
David Lotterer	North Charleston, SC	2015-12-04	I am a former employee and know many of those that will be affected.
Leane Warrum	Markleville, IN	2015-12-04	Keep Mt Holly open!
aaron ring	fishers, IN	2015-12-04	My family matters!
Carol Birt	Santee, SC	2015-12-04	It is wrong to do this to these people and their families....
Michelle Tate	Moncks Corner, SC	2015-12-04	My 4 year old granddaughter and I depend on my husband. Our friends depend on their jobs at this plant as well.
Wayne Guest	Riceville, TN	2015-12-04	Because Mt. Holly has always been a great community partner and is asking that the community help us to not lose our jobs. Santee Cooper is not looking at the long term implications of our plant closure to the local areas.
Scott Courtney	Summerville, SC	2015-12-04	The Mt. Holly smelter is family and it has supported my family for the past 21 years. Like Nikki Haley promised, we should not lose these 600 jobs because of power.
Ginger Wallace	Moncks Corner, SC	2015-12-04	My son and his family and many others I know depend on Century to support their families.
Joanne Wilson	Waynesville, NC	2015-12-04	I feel strongly about keeping business in the USA; the loss of this company is going to severely hurt the economy in our area; I have friends that work at the plant.
Michelle Smith	Bonneau, SC	2015-12-04	My husband and brother work here along with hundreds of other great people. I am saddened for us and the other 600 families that will be affected by the closing. There are so many great people and children that this will hurt. So many people wondering how they will support their families and pay their bills. Very upsetting that corporate greed is the main cause of so much chaos right now. Also that Haley stood in that plant and said that it would never close over a power contract and now all she can say is sorry. I don't understand how a state funded company has more power than the governor.
Sharon Krebs	Pendleton, IN	2015-12-04	Our son, Brad Krebs, his wife, and 2 little girls live 700 miles away in Goose Creek and it is rough not seeing them very often, especially now when his family is facing the possibility of Brad losing his job. His father in law, a cousin, several friends and hundreds of families are affected by this as well. Christmas is a time of families, friends, giving and love. Not a very pleasant Holiday Season right now.
Vickie Doss Howard	Summerville, SC	2015-12-04	I feel that it's in the best interest of not only the local community but for the state of South Carolina as a whole.
Charles Dangerfield	Moncks Corner, SC	2015-12-04	I have only worked for century for a very short time. I am 51years of age and had a pretty laid back life. That was all well and fine. I now have a 4 yr. Old grand daughter who is relying on me to have a chance in life and the only chance I have to give her is if I have a stable life and life style that I can build on to give her support and help her be successful. Santee is about to strip that from me/us. Who is willing to hire a 50 year old mech. to turn wrenches. I Will be OK at century if we could only get power to operate. Don't do this for me my destiny is set do this for my grand daughter and every other child that deserves a chance to prosper.
Ben Maxson	Victoria, TX	2015-12-04	Im signing because I worked at Mt. Holly, some of the best people I have ever worked with, keep their them employed!

Name	Location	Date	Comment
Pam Doyea	Benton City, WA	2015-12-04	I am signing because I have very dear friends that work there! All of these people work very hard and don't deserve to lose their job! Please keep this plant OPEN. ☐ ☐
Shane Brown	Goose Creek, SC	2015-12-04	I'm signing because I care about this community
Charles Dangerfield	Moncks Corner, SC	2015-12-04	I am now raising a 4 yr. Old grand daughter who is counting on papa to help her have a chance in life. Santee please don't take this from her. If it were just me there is nothing you can do to hurt me, Look out for our kids. We are not asking you to give us anything we just want to be able to operate. We will pay our way but we cannot afford to pay your way too.
Steven Auerbach	Charleston, SC	2015-12-04	I'm signing because we need to keep good jobs in charleston.
Emily Bland	Bonneau, SC	2015-12-04	My husband works here and it the bread winner for our family. These people are willing to fight to keep working so hard to keep there jobs.. This job has provided moments for our children 11 and 13 to last a lifetime.
Bruce Bennett	Eutawville, SC	2015-12-04	These are our families that are losing their jobs
Carl Irish	Fort Mill, SC	2015-12-04	As a former resident of the low country, I have good friends whose families will be adversely affected by this shutdown. Let the free market work the way it's supposed to.
Mac Russell	Moncks Corner, SC	2015-12-04	Humanity>Greed
Marilyn Thompson	Eutawville, SC	2015-12-04	I care about jobs for these families.
Amy Belcher	Jamestown, SC	2015-12-04	Its gonna help...
miranda anglin	Augusta, GA	2015-12-04	My father has been a mt. Holly employee for over 30 years. This plant means so much to so many families and to our community. The explanation for the failing power agreement doesn't hold water. At least have the decency to tell the families the real reason they'll be out if a job at Christmas.
charlie peterson	summerville, SC	2015-12-04	If Mt Holly closes, Santee Cooper will get zero dollars from them. Providing energy at a competitive rate keeps them open, jobs in SC and revenue to Santee Cooper.
Debra Austin	Holly Hill, SC	2015-12-04	this is ridiculous that someone cannot force Santee Cooper to assist this company. Why doesn't the CEO and top management of Santee Cooper take pay cuts to keep the plant operating
Tyler McWethy	Moncks Corner, SC	2015-12-04	For the hard working people!
Kelly Hansen	Goose Creek, SC	2015-12-04	My husband, Son-in-law, Sister, and Nephews work at Century. Two of our Daughters are teachers in Berkeley County School District, I work for Ferguson Enterprises, and Century is one of our biggest commercial accounts. The impact to our family and the families of the other 599 employees is unthinkable. We used to live in a town where an Alcoa plant was shuttered. The county was crippled and it caused over 24% unemployment. The town has never recovered. Please do not allow this to happen.
Anna Hamer Hensarling	Moncks Corner, SC	2015-12-04	My Husband has worked his ass off (along with all 600+ employees) for Century(Alcoa) for many years!!!! Him, nor any of these Century families deserve this! And right during these Christmas Holidays...!? December is a hard enough month as it is with the little extra holiday expenses people endure to give their families a nice Christmas. It floors me of SC's selfishness! This shut down will effect so much more jobs and families throughout the Lowcountry. Not just Century families! Santee Cooper needs to step off their high horse now and do the right thing!
Khajiah Smalls	Holly Hill, SC	2015-12-04	Because I am apart of this Mt Holly family and we stick together!

Pat Hancoxk	Wahoo, NE	2015-12-04	What SC is doing is just wrong! This will have a huge impact on the local community!
Janet Johnson	Cross, SC	2015-12-04	I have family and friends working here that need their jobs!!
chuck hill	manning, SC	2015-12-04	We need to keep business in America and South Carolina. Its a shame to have companys give our jobs to people overseas. We have to work together to make America great again
Aaron Solomon	Bonneau, SC	2015-12-04	I'm signing because a free market is no longer free when one company has a say in where another company can purchase their power from.
Dana Nolan	goose creek, SC	2015-12-04	I'm signing this because not only will the employees and their families be affected but the programs that benefit from this plant, like Trident United Way, and other outreach programs. Don't let Santee Cooper turn into SCE&G where rates are risen without an explanation and have nothing to show for it except a high power bill.
Elizabeth Davis	Eutawville, SC	2015-12-04	I have friends that work there.
Tammy Moore	McDonough, GA	2015-12-04	America needs jobs!
Lori Sheeter	Ladson, SC	2015-12-04	Many people in this community depend on Mt Holly to support their families.
rita farley	bonneau, SC	2015-12-04	It's the right thing to do!!!
Genia Turner	Summerville, SC	2015-12-04	People have families and this put me and my daughter in bad position if her father can't provide for us. I say keep it open..
Lindsey Douan	Summerville, SC	2015-12-04	My mother has worked here since day one over 35 years ago. She's been a hardworking single mother raising my sister and I. Now, at the age of 57 she's going to have to start over finding a new job if an agreement is not met.
Diane Purdue	Goose Creek, SC	2015-12-04	My husband Ronald Purdue has been employed at Mt Holly for over 15 years and he and the other people in this company do not deserve what is happening to them and Lonnie Carter whose salary is provided by the people in this community to be given that much power. How can we remain competitive and ask other big companies to come here if they are unwilling to work with and protect the companies that are already here!
orby cotton	moncks corner, SC	2015-12-04	The hit this county will take with the loss of income, to small businesses such as the local beauty salons, gas stations, grocery stores etc as well as the 600 displaced workers that will now require assistance such as Medicaid welfare food stamps! Not to mention the money they are paying Santee Cooper that money will be made up in our local power bills! It is all a political game someone is playing and has nothing to do with the cost of aluminum, as Santee Cooper would have the public believe! How about when Nicky Haley stood in front of them and told them the plant would not close??? She is paid by the state and Santee Cooper is listed as state hmmm..... Conflict of interest maybe, political may be??? Yes all of the above!
Brent Dubay	Charleston, SC	2015-12-04	I'm signing because century is vital to our schools
Noah Burns	Goose Creek, SC	2015-12-04	I care
Robert Luttrell	San Angelo, TX	2015-12-04	I have friends and relatives in this area.
James Bishop	Moncks Corner, SC	2015-12-04	A state run electric company should not be making a profit the way Santee Cooper does. Over 3000 jobs will be impacted by this poor decision. Nicking Haley stated earlier in her Governorship that no one should lose their jobs because of a state run utility. Time to pony up Governor!
Dwyllette Tucker	Santee, SC	2015-12-04	My husband is employed there, has been for over 18 years. If the plant closes this will impact our family in a major way, negatively.

Name	Location	Date	Comment
David Jones	Eutawville, SC	2015-12-04	We can't let this happen. Santee Cooper should be charging them less instead of more. Its people that live in homes that work at the plant, they pay Santee Cooper for their electric. If they can't work, then they have to move which in turn causes less money for Santee Cooper. So, stop thinking like Obama and wanting to destroy America, and charge a reasonable price for the power to keep Americans working, that's the only way our Country will survive...
Laura Anthony	Summerville, SC	2015-12-04	I have worked for this company since 1989. I love my job, my co-workers, and my community. A lot will be lost if Century is not saved.
James Williams	Goose Creek, SC	2015-12-04	I retired from this plant and these people are family. You cant put a dollar value on what this plant means to me these employees the community and this state.keep it open
Susan Brown	Walterboro, SC	2015-12-04	Supporting this plant
Elizabeth Brownlee	St. George, SC	2015-12-04	My husband has been with this plant for 3 years. State owned facilities such as Santee Cooper are supposed to keep jobs in South Carolina and bring more jobs in. Providing power contracts or to at least continue negotiations would prevent job loss of over 600 employees.
Pat Anderson	Powder Springs, GA	2015-12-04	It is time for Santee Cooper to be reorganized into a more traditional state agency with better oversight and less "family" which they love to banter about.
Damon Burgess	Richmond Hill, GA	2015-12-04	Not mentioned in this article is the thousands of others in the recycling industry in SC and surrounding states that will be impacted with higher trucking costs and less competition for a commodity that is already under tremendous pressure from cheap Chinese imports.
Eric Brown	Ladson, SC	2015-12-04	This is a preventable loss of employment for 600+ employees. You can reach an agreement instead of trying to out maneuver an imagined opponent.
Marie Jones	Summerville, SC	2015-12-04	Please help the hard working employees of Mt. Holly keep their jobs.
tiffany washington	Goose Creek, SC	2015-12-04	I have family that works there and needs that job !!
Dale Jones	Eutawville, SC	2015-12-04	This plant is essential to the lives of friends
Marie Jones	Summerville, SC	2015-12-04	Please help the hard working employees of Mt. Holly keep their jobs.

Chris Conrad	Holly Hill, SC	2015-12-04	<p>Mt holly is facing a shut down, and it's blamed on aluminum prices. It's just another fine example of corporate greed.</p> <p>santee cooper claims if they give my holly their deal, it would raise "other customer" rates.</p> <p>So what's going to happen if they lose a 100+ million dollar customer a year??</p> <p>Do people not think their rate is going to increase to compensate for that loss??</p> <p>"We're offering the best deal we can without increasing the costs to other customers," Lonnie Carter, Santee Cooper's president and CEO, told about 30 Mount Holly employees who attended Monday's board meeting. "I hope your management team will accept this offer. ... It's a doggone good offer."</p> <p>To me it sounds like santee cooper customers are looking at a rate increase either way.</p> <p>Mt holly has over 4000 acers why don't y'all utilize some of that land, and build a solar farm on it? You could generate your own power, and be self sufficient.</p> <p>The state probably wouldn't even approve permits for such a project anyway. I guess that's politics for ya</p>
Donna Porter	Papillion, NE	2015-12-04	This decision is going to affect my sister and her family in a tremendous way. Her husband has been a FAITHFUL employee of this plant for over 30 years.
Rusty Robinson	Summerville, SC	2015-12-04	My dad worked there for 20 years. He started there when it was Alumax, and then Alcoa. This plant needs to be saved. I worked in the maintenance shop myself for 6 months while I was a senior in high school!!!!
luis uribe	Charlotte, NC	2015-12-04	Affects my friend
Hope Steen	Goose Creek, SC	2015-12-04	Closing my holly would be devastating to our local community
luis uribe	Charlotte, NC	2015-12-04	My friend and his family depend on it to stay open!!! Please save his job
Lisa Davis	North Charleston, SC	2015-12-04	If they close it will be devastating to many families.
Hunter Pendry	Jacksonville, NC	2015-12-04	My step dad works for century aluminum for the past 20+ years and I am currently waiting to leave for the United States Air Force and I don't want to have to worry about how my family is doing while i'm gone to bmt, or what they are going to do for my sister's college education coming up this year because some power company that is government owned and is suppose to be for the state to help create jobs instead of destroy them take away my family's number one source of income. #SaveMtHolly Btw I am a resident of SC it for some reason says I live in NC.
Kim Nuckols	North Charleston, SC	2015-12-04	I dont want my dad to lose his job. Please everyone sign and get ur family and friends to sign. Please help everyone to not have to lose their job. Everyone knows how it is not having a job or losing a job. They need all the help they can get. Thanks in advanced guys! Be blessed!!!!
Mickey Olson	Chewelah, WA	2015-12-04	My son works there, my adopted son works there, my brother in law works there and my nephew in law works there. It effects is all, near and far. Alcoa shut down here in Stevens County Washington, and the economy took a massive hit. We are now the poorest county in the state and family had to leave to find work. Are you willing to let your schools close and business sit empty like ours? It will happen, we are living it.

Julian Ritter	Charleston, SC	2015-12-04	<p>-Santee Cooper is getting ready to replace Duke Power to provide power to a town in North Carolina - but - Mt. Holly cannot get all of their power from out-of-state</p> <p>Santee Cooper's Annual Reports - say - if an industry (i.e. Mt. Holly) they can absorb the cost without raising rates - but - Santee Cooper is in the RED over a Billion Dollars trying to bring on-line a Nuclear Plant in partnership with SCE&G -</p> <p>Unlike SCE&G Santee Cooper does not have to permission from the State Regulatory Commission to raise rates - rates will rise regardless - to absorb the "miscalculations" related to the Nuclear Plant -</p> <p>It takes "5" SC Legislators to ask for a review of a State Agency by the SC Legislative Audit Council - all of the local Legislators who represent workers at Mt. Holly should be filing a request tomorrow to ask the Council to review how Santee Cooper manipulates data to get their results - take a look at Bushy Park - wonder "why" so many plants started out there making a profit - then - as utility rates increased, etc. they left - Gov. Halley got Volvo to SC with a lot of PERKS - mostly - cheap Electricity by the State's Utility Agency - got to pass those costs onto to somebody - truly - it "Should Not Be About the Bottom Line" - we have a company making an "USA product" that provides an opportunity for many to be able to raise a family working for a USA owned company that they are Proud to Work For!!!!!!!</p>
ROBIN SCOTT	SUMMERVILLE, SC	2015-12-04	Many of my friends and family work there.
Barbara Walsh	Goose Creek, SC	2015-12-04	My husband works there, which has allowed me to be a full time mom
Priscilla Bradberry	Bonneau, SC	2015-12-04	<p>I'm signing this because it will affect my boyfriend . He is 20 years old and enjoys this job more then anything I He is so thankful he got the opportunity to get a job here and can't say nothing but amazing things about the people he works with and the jobs he does . I know you think we'll he is still young , however ; there is not hardly or if any places like this plant to work at around this area and this type of job is what he enjoys. My mom always told me to work somewhere where it is a hobby not a "job" . I know that is how my boyfriend looks at it and I'm sure many others do too! So why close a plant down because of power when they make the greatest product out of all their plants and provide money to businesses around the area , state , and country! 600 jobs lost might now seem a lot but in a small town it will make a big difference!</p>
Leslie Ratliff Ratliff	Summerville, SC	2015-12-04	I believe in the cause!
Glenda Bolyn	Summerville, SC	2015-12-04	I care about the workers!

Denise Hubbs	Goose Creek, SC	2015-12-04	To help people keep their jobs!!!
Daryl Pratt	Aurora, CO	2015-12-04	<p>Because it is a shame that a electric company that's supposed to be citizen owned would do this. I mean have a heart. No one believes the lies that this will make rates go up. Rates are already to high, its a shame electricity is cheaper in another state. How about do your duty and help the good people of SC keep jobs.</p>
Savannah Edens	Mount Pleasant, SC	2015-12-04	I am one !! I work at century aluminum and I will be effected
Tristan Ratliff	Moncks Corner, SC	2015-12-04	To keep jobs in the low country. To back those families who are facing this ordeal during the holidays when the only thing they should be stressing over is if their kids got everything on their list and what type of pies the in-laws like
Angela Dephouse	Summerville, SC	2015-12-04	Keeping Mt. Holly open is just the right thing to do. When it comes down to ethics, it isn't that complicated.

Donna Ravan	Ladson, SC	2015-12-04	I have worked at this plant for 35 years and I am the single source of income in my household. if I lose my job now who would want to hire a 56 year old woman to work for them for 6 years? I have worked hard for everything that I now have and would hate to run the risk of losing it because I could not afford it. Please do not allow this to happen. Thank you
kimberly Reed	goose creek, SC	2015-12-04	These people and this area need these jobs.
Danny Gamache	Spokane, WA	2015-12-04	Of my family
Carole Bruno	Summerville, SC	2015-12-04	I'm signing because the employees of this plant actively supported Santee Cooper when it was going through the process for building new power sources.
thomas benton	Ladson, SC	2015-12-04	I have family that works there, this would impact sc hard.
Kenneth Tucker	Charlotte, NC	2015-12-04	This plant is part of community and should be for a long time
Judy Morast-Morin	Moncks Corner, SC	2015-12-04	I had family that have been employed here and it is one of the better employers in the region.
Tina Forbus	LaGrange, GA	2015-12-04	I have family who worked for Santee Cooper and have always respected the organization for its fairness and generosity. I have family that work at the Mt. Holly plant. Living in an industrial community myself, if you want to reduce poverty then you must have abundance mentality or you will watch your community dissolve in so many areas- crime, vacant properties, loss of other businesses. You got to give a little and not let greed become your master. If you lose this plant, don't expect to replace it with others and think more companies will follow. Come visit LaGrange, Georgia.
Lawrence Lee	Columbia, SC	2015-12-04	Not all has been done to make this right!
Ross Reynoldson	Summerville, SC	2015-12-04	No way should 600 jobs and all their families be cast to the unemployment lines. That smelter is a one of a kind and as Americans we should be proud that it operates here in SC and not in China. Keep it open, please
Tami Cardaronella	Greenville, SC	2015-12-04	This needs to be worked out, jobs are at stake.
Amber Coburn	Bonneau, SC	2015-12-04	My brother-in-law works there and has since he got out of high school! He should not have to be stressing on how to find a new job. This was his career!
Sheri Mazell	Charleston, SC	2015-12-04	It is the right thing. We need to keep good jobs in our area. Not just try and get new ones.
Michael Gibson	Ladson, SC	2015-12-04	I do not support the loss of jobs, close to home- that affects family and friends. Governor Haley. If you made a promise, don't back down now as you have on other occasions. These are citizens of your state, who many have voted for you to remain in office. Stick with your people. South Carolina loses if you don't step in and do whatever you have to, to make this a success. Just my not so humble opinion!
Melissa Bancroft	Goose Creek, SC	2015-12-04	I'm signing because it's the right thing to do.
Sarah Bolden	Charleston, SC	2015-12-04	Mr. mazell works there! And has for over 25 years. Not fair!
Audra Burbage	Summerville, SC	2015-12-04	So all of my family could keep there jobs!!!!
Cyndi Oglesby	Ladson, SC	2015-12-04	I know several people who has been working with this company for over 30 years! They have always been have been hard workers and went beyond what was expected from them.... Wake Up SOUTH CAROLINA!
Larisa Hogan	Goose Creek, SC	2015-12-04	I had the pleasure of doing a student co-op here in 1997 and saw how much they cared for their employees and it breaks my heart to know that they will have to close! Money should never be more important than people!

Theresa How	Monroe, NC	2015-12-04	This is where my husband works and provides for our family. My dad worked out there from the time they opened and retired from there as well.
Kathleen Witchey	Goose Creek, SC	2015-12-04	I think Century helps Berkeley County more than Santee Cooper helps them. We, as a County, need Century.

JOE PIEPER	PINOPOLIS, SC	2015-12-04	Century has offered to pay 60 M to Santee Cooper so they can stay in business and get power from another source... seems like Santee wants to be the monopoly holder in this deal ... 60M is pure profit for the company so why not keep the Mt. Holly Century plant open and save all these jobs ?? if Century goes down so does JW Aluminum ... Gov. Haley said that she would keep this plant open.. Keep your work Governor....
Cathi Lee	Moncks Corner, SC	2015-12-04	Does this have anything to do with EPA fines, penalties or restrictions placed on Santee Cooper in reference to man made global warming hoax promoted by the current administration? Please do all you can to keep this Mt. Holly plant open. Thank you!

Sheryl Alcorn	Ravenel, SC	2015-12-04	Santee Cooper should not be able to control the power that is used, when it can be got a a cheaper price.
KELLY SCARBOROUGH	Moncks Corner, SC	2015-12-04	Jobs are hard to come by.. This will not only effect the people that work for this plant but also the local businesses. please help keep this plant open.

Greg Bessinger	Ladson, SC	2015-12-04	We have friends and Family that work there. They deserve to work and EVERY Compant that comes to SC is given every break in the book form taxes to energy, WHY NOT MT HOLLY?!?!
Anthony Stephens	Goose Creek, SC	2015-12-04	I understand there are business interests on each side. However, Santee Cooper needs to look at the bigger community picture and not their bottom line. My father and uncle both worked at the plant (Alumax) when it first opened. This company is a major part of our Berkeley County economy.
Tocara Wright	Santee, SC	2015-12-04	I'm signing because I work at a local salon and not a single day goes by that I don't hear some talking about how they are worried about a friend or family member that has worked out there for years and year .

Robin Monaghan	Summerville, SC	2015-12-04	Please don't shut this down. This will have a drastic impact on over 600+ families. Find a way to work this out. If the state can pay unemployment then the state can figure out a way to fix this

Krystal Bagley	Summerville, SC	2015-12-04	Jobs means everything.
Barbara Gadsden	Mount Pleasant, SC	2015-12-04	The lost of this company would be a big economic blow to the county and the state. Santee Cooper does seem to realize that.

Bryan Quinn	Goose Creek, SC	2015-12-04	There ought to be a way for compromise between the two.
jessica petrella	Charleston, SC	2015-12-04	I cant stand that a company is closing down and making hundreds of people jobless because of another greedy company. Santee Cooper is a monopoly and needs to be stopped. The closure of Century could and probably will greatly impact a lot of other jobs in the area.

Angelia White	North Charleston, SC	2015-12-04	It will be devastating for 600 families to loose their employment, most of whom cannot be retrained. The financial impact that will trickle down for these people over the years will be devastating to their lives.
Herbert Ward	Moncks Corner, SC	2015-12-04	I care
marilyn smith	summerville, SC	2015-12-04	These people want to WORK! Let them keep their jobs!
Jennifer McDonald	Moncks Corner, SC	2015-12-04	This is setting a standard that Santee Cooper and Governor Haley should be ashamed of. Santee Cooper is run by the good ol boy system and no one will speak out; not employees, not board members, etc. Apparently our "great" Nikki Haley goes by the same, but really that is not a surprise to anyone. We shall see how well her next election goes. Santee Cooper can get cheaper power for its customers and would still rather charge more, the fact that Century could find it cheaper justifies that.
Barbara Suing	Ladson, SC	2015-12-04	I have friends that work for the company. In addition why do we give so many tax breaks to other companies but will let another have such a devastating effect on our economy.
terry tuttle	Ridgeville, SC	2015-12-04	This is a sin ! Santee Cooper is capable of doing this in order to save these jobs.Looks like they are a little greedy.
Shirley Peeples	Jacksonboro, SC	2015-12-04	Please don't close !!
Dustin Risher	Holly Hill, SC	2015-12-04	Most of my family has worked here for years, not counting dozens of friends. The impact this will have on them will be a thought I hate to think about not counting all the other fellow employees. This truly saddens me to think "what would I do if I were in their shoes", this'll change their lives forever! SAVE MT.HOLLY!!!!!!
Tiffany Matthews	Charleston, SC	2015-12-04	This would be a devastating loss to those employees of Mt. Holly and a large economic loss to the community !

PAMELA VAN HORN	GOOSE CREEK, SC	2015-12-04	The United States need to be able to produce aluminum.
Tracy Dinardo	Summerville, SC	2015-12-04	There is NO reasonable explanation not to make the deal with Century! They are trying to do the right thing by all of their employees and patrons. 950 MILLION DOLLARS IS NOTHING TO SNEEZE AT !!!
Michael Mueller	Goose Creek, SC	2015-12-04	Century Aluminum's proposal to pay Santee Cooper to transmit the power it has procured from an out-of-state power provider would NOT raise rates for Santee Cooper customers, would NOT overload the system (Santee Cooper is already successfully transmitting power from this same third-party provider to Mt. Holly) and would NOT unfairly favor the aluminum smelter over other South Carolina businesses. It's a win-win for the 600+ Mt. Holly employees, the City of Goose Creek, Berkeley County and for the State of South Carolina – so, what's the problem?
Mary Nixon	Ridgeville, SC	2015-12-04	The closing of this plant impacts the lives of dedicated hard working people and their families. Many a person will have to take on a higher insurance coverage and be expected to shoulder the expense with no income.
sandra budde	Centerville, OH	2015-12-04	I'm signing this petition because I have a Charleston, South Carolina family member who has given this company over 35 years of his life...and the fact that he almost literally "gave his life" because there were not enough safety issues in place at the time of his WORKPLACE ACCIDENT.
marvin bedenbaugh	Charleston, SC	2015-12-04	They are greedy and partially responsible for the shutting down of a business employing 600. They are like China in making it very hard to compete in business.

KELLY SCARBOROUGH	Moncks Corner, SC	2015-12-04	They need to keep this plant open.. Jobs are hard to come by and this does not help these families..

Daryl Bennett Jr	Charlotte, NC	2015-12-04	My nephew is employed here!!!! It make no sense for a company to close because of the electricity bill is to high. Santee cooper I am sure makes plenty of money off of them already. Let's try to resolve this problem with alternative power sources. We are better than this. This is America come on people.

David Carroll	Goose Creek, SC	2015-12-04	Santee Cooper & Gov. Haley say they can't allow a power deal because it would be favoring one business over another. Talk about being "unfair" to a business? A long-time business that employs 600 Berkeley County citizens! Santee & the Gov are being "unfair" to Century and favoring Santee Cooper. Well, I guess we know where Tricky Nikki's Volvo plant will be able to find "cheap labor" next year! Any income is better than no income for those laid off at Century.
Rosalind Blue	Baton Rouge, LA	2015-12-04	To support the workers

melody ninantay	goose creek, SC	2015-12-04	i have no family or friends employed by this company, but am a lifelong resident of goose creek, and i am very concerned about how this will affect the economy of not only my area, but all of the other surrounding areas also, 600 people plus thier families will be affected. do the math that is thousands of people without purchasing power, hundresd who cannot renovate a home, or build a new home, construction jobs, hundreds who cannot afford new clothing, retail jobs, thousands that cannot afford to go to a restaunt, hospitality jobs the trickle affect will be devastating to the area, and by the way, none of this will directly affect me but it will affect Too many others

Darby Hamer	Dillon, SC	2015-12-04	My cousins family depends on Mt. Holly!
Jessica Harris	Holly Hill, SC	2015-12-04	My brother in law, father in law and 2 uncles work there! And it's is ridiculous that all of these people are loosing their job! Santee cooper didn't even ask everyone that pays a electric bill to santee cooper if they would or wouldn't pay extra a month to help keep this plant open and save everyone's jobs! I'm sure most would say they would, even if I knew no one that worked their and I paid to santee cooper and they asked me I would pay extra a month! Also the plant never asked their employees to take a pay cut to keep the plant open because I'm sure they would rather take a pay cut them to loose their job totally
Judith Gumbus	Shinnston, WV	2015-12-04	We need to keep jobs, not lose them

William Singletary	Ridgeville, SC	2015-12-05	Santee cooper needs to be audited! To see has their hands in the profit pot! This is a public state run utility with no accountability. Who has a private resort in Berkeley county for its employees and big wigs. It has a security guard around the clock! It's not open to the public! The thought of losing my job along with so many others is extremely frightening. I have worked here my whole adult life and now at the age of 50, I wonder if I'm about to lose the things I've worked so hard for. I love my Century family and can't imagine life without them.

Kathy Petrella	Moncks Corner, SC	2015-12-05	It is an outrageous amount of money they are paid and greed is the only reason they would ask for more. Cynthia Orton	Goose Creek, SC	2015-12-05	I can not believe that this plant has been in our community for so many years, and has done so well and also contributed to the community with millions of dollars and the Governor who promised they would not close is just turning her back on Goose Creek, Berkeley County, and S.C. As stated in the article in the Post and Courier, Santee Cooper has truly lost their mission and it is all about GREED. I smell some kind of a political rat here, and I know most people feel the same way. IT IS NOT TOO LATE TO DO THE RIGHT THING!! It should never, ever be just about the money thing!!
brian flewellen	moncks corner, SC	2015-12-05	It the right thing to do! Keepvthese folks working!

Jennifer Metts	Goose Creek, SC	2015-12-05	I'm signing because it's the weekend and the Legislators and Santee Cooper don't work weekends for me to call them! :)
Rich Porter	Papillion, NE	2015-12-05	Santee Cooper should allow external power to traverse their grid as they said they would.
Michelle Goossens	Goose Creek, SC	2015-12-06	I live in Goose Creek practically across the street from the 176 entrance. I h AZ very friends and neighbors who work at Century. Closing the plant will have a significant negative impact on the economy of this area. It will be devastating.

george hlbish	Monroe, NC	2015-12-06	Because the workers at this plant, their families and the community need the revenue this plant provides. Period.
William Rudd	Summerville, SC	2015-12-06	The closure of this plant will have a large negative impact on lots of small businesses in the area. This impact will be felt by alot more than the 600 employees at the Century Plant. It's hard to believe that is is so difficult to work out something that works for all parties. It's even harder to believe that everything with this is on the up and up since Santee Cooper will not release all of the information to the public. Thoughts and prayers for the families of Century Aluminum this holiday season.

This is a non-profit state funded facility yet they refuse to work with Century Aluminum when they are willing to pay costs associated with any residential increases. Governor Haley needs to step in NOW and make this work. Also, Santee Cooper needs investigating for corrupt dirty politics.

Connie C Perry	Bonneau, SC	2015-12-06	We need to keep these type of jobs in our states. The United States needs to produce their own products and not have everything imported.
Lou Brown	Rock Hill, SC	2015-12-06	I don't feel this situation is right, this company has negotiated service with Santee Cooper for many years and now all of a sudden they can't accomadate? I want to see some transparency here ... Show us how it will increase costs to other customers... If this isn't a monopoly situation then you explain to me how it isn't!
Michael Peagler	Holly Hill, SC	2015-12-06	I need this job to take care of my family and our home.
Cheryl Boyle	Charleston, SC	2015-12-06	This plant closing will affect some of my friends.
Debbie McDonald	Moncks Corner, SC	2015-12-06	I moved here with nothing and two babies after my divorce - I started work here at Mt Holly 4 Feb 1980 and helped start up this plant - It allowed me to raise my children and support them, put them through school with school activities. It allowed me to be involved in the community running the horsemanship program at the Girl Scout Program. We have given grants and labor to improve schools, the Eagle Landing Boys Ranch - a myriad of places too many to name - Blood donations to United Way are always over the top. We've developed long standing relationships, friendships with each other here on the plant and also with our suppliers. We're all on a first name basis... It's a shame that one unforgiving, unyielding man, Lonnie Carter, would destroy all we've built through the years. And probably worse yet, that our local politicians would quietly stand by and allow this to happen. That Lonnie Carter would say there would be no impact, that "those people" would find other jobs... Wounder what he would do it if was his child, his wife, his family's lively hood that was being destroyed. You know he wouldn't allow that to happen. Where is Berkeley County? Where is Goose Creek? Why are you quiet? Why don't you speak up for us? There are 11 counties impacted - Where are you? What is really going on?
Jacker McMillian	Summerville, SC	2015-12-06	Our jobs are important to us. We range from one year employees to 35 + years employees but we all have something in common. This job helps us to be productive citizens and to help our families to be taken care of. Mt Holly has a lot of life in it and of course we want to be able to stay open to continue those productive lives.
melody ford	goose creek, SC	2015-12-06	Please keep Mt. Holly open.
Kevin Mears	Beaufort, SC	2015-12-06	I've worked at Mt.Holly going on 21 years. It breaks my heart knowing that our Governor and the folks at Santee Cooper will let this plant close. Everyone please sign and share the petition.

Vicki Siler	Moncks Corner, SC	2015-12-06	This will affect a large number of families in our area and be detrimental to the economy in the tri-county and SC.

DELORIS Weatherford	Holly Hill, SC	2015-12-06	My family is is losing the security we have known for the last 20 years for something that no one will take the time to explain. Mr. Carter if your doing whats best for the greater community then stop hiding behind because I said so explanation and show us the numbers. Make me understand how getting paid 60 million dollars for transmitting power you're not making will affect other users more than getting paid 0 for the power youre not making because Century is gone.

Margaret Henslee	Goose Creek, SC	2015-12-06	My husband will lose his job December 31, if Santee Cooper can not reach an agreement.
Donna Ravan	Ladson, SC	2015-12-06	I have worked at this plant for 35 years. We are a family that works hard to make it in this industry. We have the highest power cost of any aluminum smelter in the US and most likely in the whole world. It is our power rates that do not make us competitive not anything else. They tell you that the cost of aluminum is at such a low that we could not make it even if they did give us a deal. That is just not true, we would be the most efficient plant in the US if it were not for our rates. On a scale of costs we are at the top as being the best if you do not add in power costs, when you add that in we are at the bottom. When Alcoa owned us and there were several smelters under them they called our plant MT Holy instead of Mt Holly because Alcoa used us as a model to run their other plants. All we are asking is for Santee to allow us to have the power transmitted to us through the lines that they are currently using and we will pay them!! They are going to pay Duke Power 5 million over 10 years to transmit power to a small town in NC, we are willing to pay them 60 million for 5 years... Why still is the answer no?? We have offered to make up any cost that would be carried over to the consumer, but the answer is still no. What are you hiding??????????
MaryAnn Carruthers	Charleston, SC	2015-12-06	my uncle has worked here since the place opened and he has been a loyal employee. Santee Cooper is acting like a Pit Bull in a poodle park.

Robert Schulz	Mt. Pleasant, SC	2015-12-06	I feel Electrical Utility Santee Cooper should be willing to make this deal which will allow their multi-million dollar per year customer to continue to operate until our federal government can place extra tariffs onto low priced Chinese imports. If our State Legislators can go into private executive sessions in order to craft deals with the taxpayers consent or knowledge to lure fortune 500 companies to locate here at our the taxpayers expense then our State should damn well be able to look out for the taxpayers who are already here paying taxes.
James Ethridge	Georgetown, SC	2015-12-06	I work at this location and risk everything that I have worked so hard to get. I drive 60 miles one way to work because there are no jobs where I live now.

Eric Stewart	Goose creek, SC	2015-12-06	The people that are losing their jobs never had a choice their work spoke volumes but apperently it wasn't enough.
Alicia Turner	Ladson, SC	2015-12-06	Save local jobs!

Erin Davis	Andrews, SC	2015-12-06	Supporting jobs
Ricky Whetsell	Summerville, SC	2015-12-06	There will be a lot of jobs and businesses lost if they shut down. Santee Cooper will ask for rate hike soon as Century shuts down. They will say they need to have hike to take up the lost by Century. Look at the money Santee has made off of Century. They are like all big business. They don't CARE about people.
Caroline Sellers	Moncks Corner, SC	2015-12-06	I care about my fellow persons and their families. I may not know most of them who work there but their families deserve Christmas and homes to live in!
justin jett	Knoxville, TN	2015-12-06	My friends and family work at century and it would hurt Berkeley county to lose this business
Marion Gaskins	Moncks corner, SC	2015-12-06	This just doesn't affect 600 people it affects the entire area, all the company's that supply century aluminum and their families. More people will be affected by the loss of this company besides the employees. Save this company.
Katherine Wright	Ladson, SC	2015-12-06	It doesn't make sense how this is being handle by Santee Cooper. They plan on raising rates regardless.
Faith Martin	Lugoff, SC	2015-12-06	Our state needs this business, and these jobs. Simple economics.
Bridgette Brodnicki	Moncks Corner, SC	2015-12-06	This will impact a lot of my friends and family. This plant employees thousands of people and that means those family the children parents will be out of a job please think of what u are doing to innocent children who could potentially lose their homes their food everything
John Getsinger	Hanahan, SC	2015-12-06	Something stinks of bad politics
Dan Freed	New Haven, CT	2015-12-06	Everyone stands to win if Santee Cooper comes back to the negotiating table with a willingness to be open and to find a solution that is agreeable to all parties.
Edward Drew	Moncks Corner, SC	2015-12-06	Peoples quality of life depends on their employment. We have broken a record low for unemployment in the state , this trade agreement could hinder the records and lives of many South Carolinians.
Victoria Bradberry	Bonneau, SC	2015-12-06	I'm signing this petition because I have a family member in this company
crystal rudd	Eutawville, SC	2015-12-06	Our family relies on this job. It's our way of life. This job is how my husband supports his family.... insurance us very important when your children have to takes meds on a monthly basis...

Brenda Valentine	Goose Creek, SC	2015-12-06	People's livelihoods should 've worth more than the almighty dollar.

Tracy Stephens	Summerville, SC	2015-12-06	I believe the impact felt by the loss of Mt. Holly will impact more than just the area it's located. Employees live in various areas around the low country and their loss of work will be reflected in every town and county they live in. Its a shame when a power company that always makes a profit is unwilling to work with industries to provide a fair rate that will help to maintain jobs. If the loss of Mt. Holly won't hurt them and will not impact others rates, then how can giving them lower power rates create the opposite effect. Save their jobs! Save their economic impact on our areas and state!
Jacquetta Norton	Goose Creek, SC	2015-12-06	I care
Kelly Bentley	Summerville, SC	2015-12-06	Jobs are hard enough to come by right now, why put so many people out of work for something like this. If all lives matter all the time this is a time to be gracious and give a little!
Jerry Gibson	Summerville, SC	2015-12-06	We need to save these jobs for these families.
Karl Wiscaver	Holl hill, SC	2015-12-06	Not only will this put 600 people out of work but it is setting a bad example for any future companies that are thinking of coming to the area. They won't know if the state will meet their needs!!!!
Chelsea Gouin	Ladson, SC	2015-12-06	You should be better than that!
Jimmie Guyton	Mount Pleasant, SC	2015-12-06	I still need my job. And I am not in a position to fire Lonnie Carter from his. I will utilize my next vote regarding Governor Haley.
Renee Burbage	Goose Creek, SC	2015-12-06	We need these jobs and the economy of our state will suffer as well as the tax payers who will have to take on the cost of these losses
Brenda barfield	Summerville, SC	2015-12-06	If the state can make concessions to bring in new business, we need to make concessions to keep the ones we have.
Joey Wilson	Ladson, SC	2015-12-06	The Mt. Holly plant has been a great employer for so many years and it will be a shame to see it close.
Jesse Campbell	Goose Creek, SC	2015-12-06	This will have a lasting impact of trying to bring more jobs to our state in the future. The gov. said she knows we have a power problem in our state four years ago but has done nothing about. She seems to only care about photo ops to help further her own political career. I am very disappointed in her to say the least.

Angela McGoldrick	Summerville, SC	2015-12-06	Angela McGoldrick
Alistair McNear	Columbia, SC	2015-12-06	I don't think a state run utility should drive business out of the state. It is counter productive.

Jennifer Christopher	Norwich, CT	2015-12-06	Goose Creek and Berkeley County will lose a valuable employer and philanthropic organization.
Tyler Soper	Summerville, SC	2015-12-06	This will be a blow to the chin of our state and local economy. My father-in-law and several friends are employed here.
Michell Clarke	Moncks Corner, SC	2015-12-06	We need Alcoa here and the jobs!!! Its not right Santee Cooper to this!!

Julia Adams	Summerville, SC	2015-12-06	I don't want hard working people's lie to lose their livelihood because of greed
Charles McGee	Summerville, SC	2015-12-06	I have lived in this area for 37 years and I have friends and family that work for both companies. I think that if Santee Cooper can't help out Century Aluminum it is going to impact both companies and the area greatly. Cost will go up across the board not just for the customers of Santee Cooper.
Natasha Hill	Montpelier, OH	2015-12-06	To keep my father in law from losing his job of over 30 years!

sarah hamby	Goose Creek, SC	2015-12-06	My family is affected by this closure
Allie Dickson	Vance, SC	2015-12-06	I'm appalled governor nikki Haley has not already taken care of this for the people that work in this plant we may forgive but we won't forget an election time will be a good day for remembrance!
Melvin Mikell	Goose Creek, SC	2015-12-06	Many people that I know, who have families, will be greatly affected in a negative way if they lose their source of income.
Leara Martin	Ridgeville, SC	2015-12-06	I'm signing this because my husband has worked there for 18 years, he is a dedicated, hard-working man, and he is the main provider for our family of 5. Also, I know many men who work there, who are hard -working husbands and fathers, and losing their jobs will have a significant impact on the well-being of their families as well. I can't help but think of all of the small children who won't be able to have their basic needs met because Santee Cooper refuses to budge.
Pam Serafim	Waynesville, NC	2015-12-06	Keep Americans employed!!!!
christie white	Pineville, SC	2015-12-06	I have family that works at Alcoa, but all of these jobs are needed & our state should do better than shutting another plant down sending American money overseas!
Chris Samples	Summerville, SC	2015-12-06	Because a special lady in my life family will be affected by this!!! But just not her family!! I grew up in GC for 40 years!! That plant has gave several people opportunity with Jobs in our Community!!! Its Holidays!! Cant imagine what these families are thinking about for Christmas and diffently not a great way to start their New Years!!! Prayers that the plant stays open!!!!
Brad Pritcher	Saint George, SC	2015-12-06	As a low country resident and knowing the negative impact result this closing would cause to our state in whole, as well as many many friends and family (employee or not) it deserves attention and positive response from everyone. As tax paying, VOTING citizens, we do not need another POLITICALLY (ex:Charleston Naval Shipyard) driven closure to haunt over our recovering economy. ..
Bryan HAMMOND	North Charleston, SC	2015-12-06	I worked at this plant for 24 years. These are good people that deserve to continue working at a plant that is completely competing in a world market.
Aaron Pedersen	Summerville, SC	2015-12-06	I care about the jobs and my community.
Jenny benini	Clearfield, UT	2015-12-06	I have many friends and family members employed at Mt. Holley. The costing of this plant will not only negativity impact them but the community as a whole. Santee Coowr I'm is notorious for acting like 2 year old and making decisions that are unreasonable. Simply because they can.
Michael Danner	Moncks Corner, SC	2015-12-06	This will hurt everyone
Rick Gordon	Summerville, SC	2015-12-06	It directly effects one of my family members.

timothy geraci	Summerville, SC	2015-12-06	we need to keep it because we need to keep job
renee White	Johns Island, SC	2015-12-06	This plant needs to stay open if possible so many employees have made this their second home do not understand why the governor will not step in , here they are helping large companies coming into the state in ten years are they going to be force out also sounds like nothing bs
Brenda Coughlin	Goose Creek, SC	2015-12-06	I think it is REDICULOUS to allow electricity to be the factor that closes a business like Mt. Holly and lose 600 good paying jobs for people of our county 950 million dollars into the county and state is nothing to sneak at and allow this plant to have to close.
Joanie Standridge	Summerville, SC	2015-12-06	This impacts a family in our church. I hope a better solution is found or at least every effort is made to help all 600 workers find new and comparable jobs.
Cynthia Shuler	Orangeburg, SC	2015-12-07	This will put a lot of people without a job.
Jean Powell	Goose Creek, SC	2015-12-07	We do not need that to happen to the people who has worked there so long to lose their jobs.
Phyllis Barr	Moncks corner, United States Minor Outlying Islands	2015-12-07	We need this business People need their jobs and income .. Please do not close Mt. Holly
Sausha Nowak	Mooresville, NC	2015-12-07	My uncle has worked for this company way to long to be treated the slightest bit unfairly!
Victoria Jackson	Holly Hill, SC	2015-12-07	My husband have been working there for about 9 years. He takes care of me and our 2 kids. Are you Lonnie carter willing to pay my oncologist, pathologist, and gi doctor so that i can live a healthy cancer free life and be a mother and wife to my family?!! And to shut down right before Christmas is just wrong. Do you know how much stress you have caused on all of the employees trying to provide for their families during this time and to make sure that their kids have a good Christmas because next year may not be so good thanks to you. Get off your high horse and help century out!!
Joseph Reveli	Darlington, SC	2015-12-07	I worked there for two years when I lived in santee. I have friends and family that still work there and that's the best job holly hill has to offer!!!
James Guest	Goose Creek, SC	2015-12-07	Because I have a brother who works there.
Kristi Davis	Goose Creek, SC	2015-12-07	goose Creek needs those jobs!! Those people don't deserve this from a profit hungry PUBLICLY owned power company!!
Clinton Terrell	Ridgeville, SC	2015-12-07	People need to take action
Daniel Cox	Johns Island, SC	2015-12-07	People need there jobs
renee White	Johns Island, SC	2015-12-07	Due to Volvo coming to Ridgeville Maybe the governor can guarantee Century Aluminum employees a job since she has chosen to back out of the plant closure, really truly ashamed of this governor she is not standing proudly in many eyes. Many lives will be change in so many ways mostly not to the better. The governor holds her head high when she believes she has large companies coming in to this area , please tell what happens when some of these large companies do not make it , please take care of the ones that are already established for many many years these companies should be on your list and priorities to keep operating not to be SHUT DOWN
Cindy Stevens	Goose Creek, SC	2015-12-07	We need jobs
Peggy Phillips	Santee, SC	2015-12-07	We can't afford this closing.

Jana Bantz	North Charleston, SC	2015-12-07	As a member of our community you have a responsibly to make decisions in the best interest of our residents. We have all grown tired of watching large companies reward upper management with large salaries and bonuses to the detriment of the hourly employees and community at large. You now have a chance to demonstrate that your commitment to the residents of this area is for the betterment of our economy and future generations. It is my hope that in the end you will do the right thing.
Sherry Crocker	Eutawville, SC	2015-12-07	It's not only about the 600 plus their families. It's about doing the right thing. Playing fair and supporting your community. SanteeCooper can basically go to N. C. and sell electricity to a Co. That basically wants the same thing Century wants. Lower electric bills. I told myself if this happens I'm going to get more involved in our elections. Now I vote but that's it. Next election for mayor of Goose Creek, Govenor and all others that supported Santee Cooper. I will not. Only vote for who runs against them but will also volunteer my time.
Philip Jerdan	Ridgeville, SC	2015-12-07	Keep our industries running
judson syrett	Charleston, SC	2015-12-07	It's the right thing to do
Robert Wilson	Waynesville, NC	2015-12-07	As a property owner in Dorchester County, I find it hard to stomach Santee Cooper can sell power to Waynesville, NC, yet not want to receive fair compensation to transmit power from another lower cost supplier to Century. I realize Century is fighting a nearly futile battle with lower cost state supported aluminum being imported without adequate tariffs, but to cause 600 people to be added to the unemployment rolls and to suffer the economic impact in the low county by shutting down this mill does not add up. Santee Cooper plays games with Nucor, too, but so far, no shutdown needed there...yet.
Randall Freed	Manassas, VA	2015-12-07	Help Santee Cooper make the transition to modernized rate structure

Laura Hunter	Cope, SC	2015-12-07	I used to have my power with Tri-County and their prices are outrageous.
cindy smith	summerville, SC	2015-12-07	I'm signing because I don't think this will benefit our state, county or area. Something surely can be done to prevent this and it should be done asap!
Christopher Burke	Charleston, SC	2015-12-07	I have many family and friends who would be severely impacted by the closing of this site.
Douglas Smith	Fitzwilliam, NH	2015-12-07	I have friends from my home town of Goose Creek and surrounding areas about to lose their jobs because of corporate greed.
Ray Guti	Rio Rancho, NM	2015-12-07	Ray guti
Cady Rutherford	Elliott, SC	2015-12-07	I'm signing because we can't rectify the unemployment rate by taking away so many jobs senselessly. More than 600 families will suffer for this.
Nell Phillips	Bonneau, SC	2015-12-07	My son needs his job and he is not alone, all of the employees contribute to Berkeley county, we will lose much needed revenue.
DELORIS Weatherford	Holly Hill, SC	2015-12-07	600 people count on this plant to support thier families. Many more will feel the impact once it's gone. Mr Carter we deserve more than a because I said so explanation.
Gene Coon	Johns Island, SC	2015-12-07	This closure will be devastating for our community, but mostly for those 600 + families.
cathy baker	Concord, NC	2015-12-07	This is alot of people to be put out if work in SC again we need to be more concerned for our state and not close more business also my nieces husband works there and I hate to see him or anyone else loose there jobs

Melissa Riker	Aberdeen, NC	2015-12-07	I'm signing because I have relatives that work for this plant and are facing unemployment this holiday season. I feel that the jobs are being used at bargaining collateral and it's unfair to the hundreds of hard working people who have devoted their lives to this plant.
Nancy Parker	Summerville, SC	2015-12-07	I know and taught some of these people who work for the company. They need our help and support. I will continue to keep these people in my prayers.
Roy Knight Sr.	Summerville, SC	2015-12-07	We don't need to lose any jobs in SC. All jobs matter! Im friends with many fine people who work there...
Doris Thomas	Aiken, SC	2015-12-07	Because I feel it is right, and for these men to keep there Jobs. we need for our Country to grow with better paying jobs, like this plant. Keep it going.
Nancy Parker	Summerville, SC	2015-12-07	I know and taught some of the people who work at Mt. Holly. Sign and pass this petition on to show that you care and support these people and to let them know you're praying for their jobs not to be taken. They have families to take care of!!!
Cindy Reeves	Dorchester, SC	2015-12-07	This is important to me because my husband Jimmy (Pat) works there and has for the past 30 years. He is the bread winner in our household and if the plant closes we will lose everything that we have worked for and the 75 animals and 100+ goldfish i feed on a daily basis will suffer greatly.
gregory hilliard	North Charleston, SC	2015-12-07	We need to keep jobs here
Demeter Broughton	Goose Creek, SC	2015-12-07	I support my family with this job. I've been able to do things for them that i never thought i would be able to do since i left my last job to come here and work. If this plant closes, a lot of families and this community will be turned upside down. It will not be an easy task trying to find a job for over 600 people immediately. Some people won't be able to cope with the stress this is causing them and their families. It may sound unreal to some but alot of people live check to check and by closing this plant possibly by the end of the year some of us won't be able to get by even with unemployment benefits and their spouse working to make ends meet. Its very sad its gotten to this point!
Glenda Lane	Valdosta, GA	2015-12-07	I'm signing because we need to keep American citizens working
Cassie parker	St. John's, FL	2015-12-07	It's the right thing to do!
Christopher Beach	Grottoes, VA	2015-12-07	600 individuals depend on this location equating to approximately 3000 iindividuals that live withthose being impacted. It is easier to find a solution and commonground than abandoned ship. This location is dependent on the marriage of hard working individuals and a fair employer. Marriage is a an everyday challenge to give your all and not quit when it gets tough.
Sandra Harvey	Greer, SC	2015-12-07	A business should not close, because of the greedy utility companies.
Cheray Stillinger	Holly Hill, SC	2015-12-07	I believe they could come up with a business plan to save this plant and peoples jobs .
Chris Badgett	Summerville, SC	2015-12-07	I think its BS that our Queen in Columbia once again turned her back on the citizens of SC and will allow Santee Cooper, Whom she is a board member to not honor the agreement that they brought to the table in hopes that Mt Holly couldnt find cheaper electric. Remember the speech? "I will not allow Mt Holly to close due to a electric contract dispute." You like to brag about the jobs that come to SC, but do nothing to keep them here. BTW, When Mt Holly is forced to close, dont you think the rates will be raised to the existing customers?
Lynn Elenbark	Summerton, SC	2015-12-07	Why? You have to have a reason. And a darn good one at that!
Cory Huff	Bowman, SC	2015-12-07	A family member is going to loose a job if nothing is done
