South Carolina State Parks

at 21:34:45 on 11/11/2016 UTC · 🌐

Out of an abundance of caution, due to an active wildfire on Pinnacle Mountain at Table Rock State Park, all trails at Table Rock are currently closed. The remainder of the park, including cabins and campsites, is open. All other Upstate South Carolina State Parks are also open. A burn ban has been issued restricting campfires at Table Rock and at many of our Upstate parks. Please check www.SouthCarolinaParks.com for more information. A special thanks to the firefighters who are working around the clock to battle and contain these fires.
