**Subject:** Hello Chaney - Al Jazeera America request

---

Hi, it's Andy Roesgen and Kayla McCormick here, from Al Jazeera America.

We're a freelance correspondent & producer for the network, and we've been assigned to South Carolina next week to look into that plutonium shipment from Japan that the Governor is none-to-pleased with.

We were wondering if the Governor could spare us a few minutes later next week to talk about her concerns on the shipment.

Thanks so much,

Andy
