Subject: Independent audit and Foia of USCB

Jane this is an official request to see last three years of USCB financial records read below on what we wish to receive .

Based on Jane Upshaws endorsement of non transparency, she sits on Chamber board along with her husband Tom Upshaw , I feel a full independent forensic audit must be conducted for last 3 years on the millions Jane and USCB received with little accountability and transparency . Like the HHI chamber , EDC , LEA and any other entity receiving tax monies our guidelines must get much more defined and specific to force transparency , accountability and performance measures . These guidelines have been drafted and provided by a professional and sent to all council members . We must stop allowing what i call now in SC , corrupt 2nd and 3rd world politics and actions with no enforcement or accountability for our tax dollars .

Jane under SC FOIA please send me the following general ledger detail for 3 yrs . I also need all salaries and benefits paid to all officers and directors and to any of their family members as well as any and all payments to any entities owned or managed by any officer, director or any relative of any officer or director.

Jane who is the accountant and controller for USCB ????

Tom Upshaw another big problem who fights transparency , Billy Rowe and other board members of our local public non profit Palmetto Electric coop must also demand or be demanded to have an audit done . This non audit of all our public utilities and all state entities must end .

David Tigges and McNair also needs to be looked at deeply with all the boards and board fees like LEA he chaired I still have not had a good answer on his compensation over others and conflicts ? I guess the other lawyers in his firm can deal with him in all the rest .

Paula Bethea tied into David Tigges and others who runs our lottery also needs

to be audited . She is just another person who has fought an audit of the HHI Bluffton chamber .

Drew laughlin why did he fight transparency perhaps we will never know , good news he is gone and now has to convince his clients he can be trusted not me .

Perhaps we all need to rethink all these awards being issued until after forensic investigative audits has been completed on all the above .

The latest award using Alice Doughtie award to recognize the accountant Ray Warco for the Hhi chamber was shocking to many of us , however no huge surprise like all the rest we have seen . Thx

Sent from my iPhone excuse all typos and misspellings
