June 25, 2014 : Six months left???

God said: That in apx. Nov. 2011 when the G.O.P. took their case against Obama and his joint chief staff to Eric Holder, for prosecution, and Eric was blackmailed into leaving them in office, what did Holder promise Obama, if he was being lied to??? It is now apparent that Holder was probably not told even one true statement.

The U.S.A. is now worse off, defensively, than it was in 2011, by a lot.

How many U.S.A. military generals has Obama and his original joint chief staff assassinated since 2010??? 90???

50??? Without any due process, or Constitutional rights. **How many others does Obama and his military staff plan to murder on their initial attack???** 80%???

50%???

How many military leaders have they killed in Fort Riley alone??? 3???

9??? One of those numbers is correct.

God has kept track. And he will tell you. He will also tell you what he needs done, individually, to stop these continuous murders of our military leaders, who will not allow Obama to sacrifice their military bases to the Chinese. It is treason for anyone to order the murder or/and mass murder of our own citizens, military or civilians, for any reason, even for their illegal trump card of national security.

The national security of who??? The U.S.A. traitors at the top who have Chinese treason contracts???

It is obvious that these murders are not for the national security of the legitimate Constitutional government and people of the U.S.A. who are not bound legally by Obama's peace/traitor/surrender contracts that he and his original joint chief staff have individually executed, individually with the Chinese government.

Accepting bribe money form Obama and his joint chief staff, every time that God tries to convince anyone that they need to do things Gods way, is the reason that these murders are still going on, and the reason that Obama and his joint chief staff are still in office.

We need to arrest Obama and his original joint chief staff, and any other paid and ordered murderers that they have hired, and are hiring. Continuous, non-stop murder for hire from the pentagon traitors, on our own citizens. Without any Constitutionally granted due process. Also a continuous non-stop threat of the same murderers on any and all U.S.A. military generals' worldwide. We need our generals and our law enforcement personnel to stand up to Obama and his original joint chief staff; Not cow down to them. With God's help individually, we can, and must, make a stand against them.
