Subject: Re: DNR

No Proviso and no prohibition.

The Board supported the plan and even broadened it to suggest the fishing licenses, etc could be sold through DMV.

We should begin the process of a MOA and proceed from there.

Scott

I'm copying Scott since he had the last conversation with DNR - Frampton. I think the plan was to do an MOA and move forward. Hopefully Scott can confirm.

I may be opening a can of worms, but where do we stand on the DNR issue? We have been working on system requirements.

Marcia
