Subject: website

Holly,
The national server company, Network Solutions, is currently pointing all servers to the correct site- onescfund.org. It takes up to 2 hours for servers around the world to recognize the site as valid (this includes mobiles and desktops). Desktops at our offices are working, as are some mobile devices and social media links. We have also received a test gift. Per our service provider, all servers are anticipated to be updated no later than 1:30 PM. Unfortunately, there is nothing that can make this happen faster.

From what we can tell, WIS is the only station that has put something on their website and their link works. WLTX will be running their tape at the 5 pm time slot.

We are grateful for your patience and calm as we worked this out this morning.
Heather

Heather Sherwin

Vice President for Institutional Advancement
