1. Health Care Access and Refugees with Special Needs: LSC RIS is committed to serving all clients but has some limitations. LSC will not be able to serve wheelchair bound clients due to lack of apartments with ramp access. LSC will not be able to accept singles with mental and physical disabilities resettled as No US Tie case nor cases with severe mental health conditions due to length of wait time to place such clients into the Mental Health Care System. LSC is committed to serving large families, but due to the lack of availability of affordable housing for very large families, LSC will not be able to accept families with more than eight members.

2. Community Engagement: On May 2nd, 2016 LSC held a Community Consultation meeting in North Charleston, SC. LSC made contact with the Department of Health and Human Services, Department of Social Services, Social Security Administration, ESL programs, State Refugee Coordinator and the SC DSS Communications and Legislative Affairs department. This meeting enabled LSC to inform stakeholders of the proposed new program and the services that will be needed. LSC is actively engaged in speaking with local churches, organizations,

groups, and volunteers who are working to build a taskforce to support this new program. The goal is to establish strong welcoming communities utilizing a co-sponsorship model. LSC plans to recruit at least 10 churches that will be trained and fully committed to serve newly arrived refugee families.
