Subject: Request from a aggrieved Defence Officer from India

Dear Ms Nikki Haley / His Staff

1. I am a serving Naval Officer from India and I am writing this email to you with the most extraordinary request. I have had to recourse to this rather extreme step after having exhausted all other avenues of redressal over the last 4-5 years . I would only request a moment's indulgence from you and would entreat you to read the next few lines. If you find merit in the case kindly forward the same to Ms Nikki Haley as I am a desperate man desperately trying to reach out to her. I know its a shot in the dark but like I said I am extremely desperate.

2. I had invested my life's entire savings amounting to close to 40 Lacs into a property called "Best Western Peace Valley" in Goa, as it turns out, the promoters of "Best Western Peace Valley" in connivance with the Best Western Group of Hotels of United States merely intended to defraud unsuspecting individuals like me. As you may be able to appreciate, being a serving officer of the armed forces and a person of extremely limited means, cheating of such magnitude has distressed me greatly and has virtually destroyed me financially. Thus while honest people like me suffer, the criminals at "Best Western Peace Valley" continue to prosper . I have even submitted repeated petitions to all levels of the Indian Government, tried to contact Best Western India and Best Western HQs at USA but I have been stone walled. I hope that through the good offices of Ms Nikki Haley I would somehow manage to get my voice through to the Best Western management in the USA

3. Sir, If you see even the slightest bit of merit in what I have written, kindly forward this mail to Ms Nikki Haley . I am sure, a man as enlightened as him and with a heart as big as his would find the compassion to reach out and give me a patient listening. It is all I ask for !

Regards
