RE: Hoffman Electric Freedom of Information Act Request:

Governor Haley,

Pursuant to the Freedom of Information Act, I hereby request the following information. It is likely to be found at the SC Department of Transportation. All information is related to file numbers 23.139B and 42.128B:

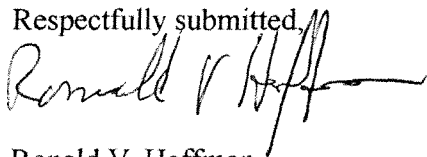

All closeout documents
Entire closeout package
Release of Liens
Concurrence Letters

All other related documents showing that these files have been closed out and showing the status of each at the time of closeout.

Please contact me at good2gorh@aol.com or 803-707-5941 as soon as you know the costs associated with providing these documents to me. I would prefer electronic files if possible, as those will likely represent the least cost to assemble.

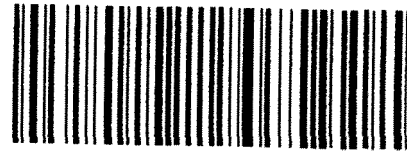

Thank you for your assistance in this matter.

Respectfully submitted,
