richards_jm   I would like to go camping this weekend: I need a 35 foot back-in (or pull-through) with 30amp power, electric, that is pet friendly. Sure would be nice if I set those parameters and could get a list of all matching campsites state-wide, and choose from the list.

camieyg2   @richards_jm AGREED! Hoping they will modify the site to do this! It's really aggravating to choose each park first.
