Hey there - I'm ever the Optimist - and we hope to be visiting our family in August this year. My question, is about the use of drones within the park, and if they are allowed? It's a DJI Mavic Air2, and I am registered here within the UK and US. TIA. Dave.

From our FAQ page on our website: Are drones permitted on state parks? If you are interested in bringing a drone to a South Carolina state park, please contact the park you are interested in directly for more information.
