Happy Friday! We thought we'd get your day started off right, with a Myrtle Beach State Park sunrise. Make sure the volume is up! Does it get any better? <https://southcarolinaparks.com/myrtle-beach>

Debby Mungo Beautiful if only you didn't have to wait so long in the summer to get into the gate. Especially on the weekends.

Wilderness Yoga John Cartrette thats not necessary. Myrtle Beach, especially the State Park, is very nice. Yes we have incidents, just as any town. I've lived here practically my whole life.

Ann W-Fitz I stayed in Surfside in early december. I was there for a week and got up every morning for the sunrise alternating between Myrtle Beach State Park, Surfside, and garden city. I have some of the most beautiful pictures and the seagulls were just amazing flying in a large pack like that. Probably not the right term but anyway they were all in sync

John Cartrette I lived there 10 years. SC is my home. MB is a cesspool. The end.
