Steve,

I am a member of the GEAR committee and am assigned to the CIO and Procurement functions. Chad has shared the financial information for these areas with me, and I have a few additional requests. Can you forward me reports that show the detailed revenue for these areas for FY 2006? If you can show it by revenue object code with a description of the revenue source, that would be great. I would also like to see the cash balance at 6/30/06 by subfund to determine the source of the cash balance. Finally, I would like to see expenditures for FY 2006 in as much detail as possible.

Expenditures by minor object code within a subfund would be nice, if that type of report is available.

Thanks for your assistance.
