Governor Nikki Haley  
P.O. Box 11369  
Columbia, SC 29211

Dear Governor Haley,

I am a fifth grade student from Lehigh Elementary. I'd like to find out information on South Carolina for a report and since you are the governor, I thought I would write to you for information.

Once I have the information, I can make a poster, and travel brochure for our presentation to share with the class. I really hope you are able to send me information, things such as education, population, weather, climate, and maybe some pictures.

Thank you for all your time and help. I know you are a very busy person.

Yours truly,

Abigail
