FYI

I'd like to go ahead and make calls to Senators when I get a break at the CLE. Who do you want me to call and who should we call together?

I can call Campsen. Anything else I should bring up with him?

Thanks Swati. I'll get started on this draft.

I think there is confusion about the amendment...sorry if I've been unclear!

The amendment would be a strike and insert. Using H. 3184 as the vehicle, strike it in its entirety and insert the following:

All of H. 3722 in its current form as passed by SJC but:

1. Remove all sections related to Sen. Davis' concerns about electioneering communication (which you have already identified).
2. Fix the language regarding the confidentiality of probable cause reports which this draft correctly reflects.

Does this make sense? I'm at a CLE and will call you shortly. Sorry again about the confusion!

This is the initial draft. Questions are in bold. I'm going to go back through this to see if other sections need tweaks to conform.

Thanks,
