Thank you! I thought you may have reached out in the interim. I just couldn't answer the "when." Thank you for letting me know!

Richele

Richele – I did reach out to her via email yesterday morning and she's excited to have the go cart and she let me know that they're in Lexington. I've left a message on her cell phone letting her know we'd like to bring it up from Hilton Head this Sunday if that works for them. I'm going to send her another email in addition to making the call.

Thanks for your help on this.

Regards,

Charlie

Ms. Clark,

Geo's mom asked me when/how you would contact her. Can I link you in by email? Or would you prefer I let her know you will call her next week when you are back in the office?

Thank you, Richele
