Hi Tony,

Boards and commissions management is hard ... dare we say ... "mad"denning? Granicus wants to help. To celebrate the anniversary of our release of our Boards & Commissions management software, all through the month of March, we're holding a March Madness contest offering government organizations across the country the chance to receive a free year on Granicus' Boards & Commissions software. Think your organization has what it takes to "go all the way" and turn your boards and commissions management process into a Cinderella story?
