The Honorable Nikki R. Haley  
Office of the Governor  
1205 Pendleton Street  
Columbia, South Carolina 29201

Governor Haley,

As may already be aware, the Coroner in Dorchester County, Christopher Nisbet, recently resigned his position over some legal matters that I will refrain from commenting on. Mrs. Alice Durr has been serving as the Deputy Coroner of Dorchester County for many, many years and has assumed the leadership role in this department since Mr. Nisbet's departure. In the 20 plus years that I have been involved in the fire service, Mrs. Durr has always been very compassionate in how she interacts with the public and very professional when interacting with other emergency response agencies. With the knowledge and experience Mrs. Durr has in her position as Deputy Coroner, she is exactly what Dorchester County needs to bring our Coroner's Office back to its place of high esteem within our community.

I humbly ask that you please consider appointing Deputy Coroner Alice Durr as the Interim Coroner for Dorchester County.

Sincerely,

A handwritten signature in black ink that reads "Malcolm K. Burns II".
