Subject: ETV question about Governor's Education Agenda

Good afternoon,

My name is Karen Hermann and I am a producer of ETV's education program Carolina Classrooms. Our November episode is about technology being used in South Carolina schools. I found this document online -

<http://governor.sc.gov/Documents/Education%20Agenda.pdf>

With this information in it -

In 2014, Governor Haley committed to providing almost \$90 million in technology supports to districts over a three year period. These funds have been put to use, advancing 1:1 computing initiatives, improving broadband access on public campuses, and enhancing digital classroom learning. The FY 2016-17 Executive Budget funds the third year of this initiative, but also expands to underlying technology infrastructure and security for school districts.

I'm looking for a way to verify it. I wrote this in my Carolina Classrooms script and I want to make sure it is correct -

"In her 2014 executive budget, South Carolina Governor Nikki Haley included almost 90 million dollars to school districts over a three year period to help integrate technology into the lives of students."

Could you let me know if this is correct or if I need to change the wording?

Thank you!

Karen
