Subject: [Reminder] A 30 Second Survey About Agenda Management

A Quick Survey About Agenda Management

Hello,

Customer feedback has been instrumental in developing and improving Granicus Products since the company was founded. We wouldn't be where we are without listening to this input, and today we invite you to help us understand the most important features and aspects of an Agenda Management software product.

We believe the evolution of our products shouldn't be a one-sided conversation, so please take a minute to **answer our survey**. We would love to hear what you think.

[Take our survey](#)

Thank you,

The Granicus Team

P.S. We have partnered with Price Intelligently, an objective third party, to help us administer this study.
