

Honorable Nikki Haley!

11-13-14

I'm writing this to see if you can help me, with a problem a young lady is having with being bullied by other students.

Her name is Katie Keelner a 7th grader at Ralph Chardle Middle School in Greenville County. Katie is a very bright young lady that I have known for many years. Over the years I have done many different things to boost her confidence about herself.

Until this year she has looked forward to going to school everyday. Since school started this year this year she makes herself sick, has bad headaches, etc. to keep from going to school.

Katie was bullied last year but could handle it. Now she is bullied even more. Other students call her names, make fun of her weight and the way she dresses. I'm worried about her and her mental state of mind.

I don't know anything else so tell her.

From my understanding she is not the only one being bullied. Kaitie is the only one I know "personally". People say that it is pretty bad. My son also tells me the same things.

Please if you have any advice please let me know.

I will be very grateful for any help you can give me.

Sincerely
Vickie Sims
