Subject: Lake Thurmond

When Governor Haley visited McCormick on Wednesday, she talked with some folks about the lake level at Lake Thurmond. She and I talked about it at the mansion on Wednesday night. There are a couple people who have been very involved in this issue, and they'd like to talk with the Governor about it. These are pretty reasonable people, which is not always the case with the folks who get worked up about the lake. Can we set something up for them – and me – to meet with governor in the next few weeks just to give her some more information about what's been happening up there? No more than 30 minutes.

Thanks.
