

Dear (R) S.C. Governor  
Nikki Haley

**TELL CONGRESS TO STOP OBAMA'S PLAN TO BRING 250,000 SYRIAN REFUGEES TO AMERICA**

Whereas:

1. U.S. courts shall NOT accept the principles of Sharia law for any reason in place of generally accepted American legal principles.
2. President Obama wants to bring as many as 250,000 Syrian "refugees" into the United States. Not a single "refugee" is going to the Islamic state in Saudi Arabia. Congress shall immediately STOP Obama from trying to slip thousands more radical Islamic immigrants into our country this way.
3. Several American citizens left voluntarily to fight under the banner of the Islamic State from "seeded" communities. These American citizens need to be banned from returning and have their American citizenship revoked.
4. Federal authorities shall NO LONGER ignore the threat posed by radical Islamism.
5. In many foreign countries, radical Islamists have carved out special treatment from local law enforcement. America shall FORBID special treatment for radical Islamists who want to impose Sharia law in certain areas of our country.
6. Federal legislation needs to be IMMEDIATELY introduced to ban the use of Sharia law in any situation.
7. Gitmo must not be closed. All those who were responsible for 9-11 should have already been tried and hung. This injustice, must be immediately adjudicated. The American people demand an explanation as to why these murderers are still alive and costing us millions of dollars to feed and house when they should have already been tried and hung 10 years ago.
8. Secure all our borders, all immigrants should be fully vetted. Stop the murder and genocide of Christians in Africa and the Middle East immediately. We are tired of hearing the lie, "Islam is a religion of Peace." We have all read and studied the Koran and the 5 Pillars of Islam. Our Jewish brothers are being treated like thugs, while we honor and bend over and kiss the feet and spread the lie about how peaceful Islam is.
9. Jews, Christians, and all infidels, Homosexuals, Lesbians, transgender, women, and young girls are being murdered or mutilated by these peace loving Muslims. It must be stopped now.
10. Islam has brought to the world and to America, nothing but death and terror. Islam is bankrupting us and the world by costing us billions in security.

11. As our representative in Congress, we ask that you take a stand, and not back down against the destruction of our way of life. Obama and his administration has done all it can to destroy our Christian way of life in the Military, Colleges and Universities, State and Local governments. Our Freedoms of Speech and expression, Our Christian rights and right to salute Jesus Christ our Lord and Savior in the public square.

12. We will never surrender our right to bear arms, and our freedom of religion. Appeasement has given us nothing but terror and almost 20 trillion in funded debt.

13. Obamacare is unconstitutional, you know it and so does Supreme Court Justice Roberts. It has robbed Medicare of millions. Cost us our doctors and is bankrupted us in cost.

14. This administration has broken law after law, and no one has been held accountable. Except General David Petraeus and all those in the military who speak out against this president.

15. How can any of you allow Harry Reid and Nancy Pelosi to continue to circumvent congress and the separation of powers. They have aided this president and his administration in breaking law after law.

16. Please, have Mr. Obama's college applications and records, visa's, passports, all school records and who paid the tuition costs, adoption records. We demand a full vetting of his history. We have this information on all our other presidents. This should be available to all Americans.

17. Why has not anyone been prosecuted for Fast & Furious, Benhgazi, the I.R.S persecuting anyone who stands against Obama, and Voter fraud across America.

Please share this with all in congress, the House and Senate, The Supreme Court Justices. We as Christian, Law Abiding, taxpayers, want answers to the above. We love our country and our God "Jesus Christ". We are citizens, not illegal immigrants. Waiting for your reply, and all those who represent us.

Thank You:
