**Vickie Boyd** I couldn't get the app to work but I printed the list and figured out all but two of the clues. Now I just need to go get my stamps!

**South Carolina State Parks** Vickie, if you need assistance with the app, please email UltimateOutsider@scprt.com. Someone will be glad to help you. It's a much better experience with the app!

**Vickie Boyd** Thanks- I tried to set it up the day the email was sent from the link in the email and what I ended up with was the main website which gives you the option to establish a scavenger hunt instead of joining an existing game. Next I download the app from the play store but I did not have the password so I just printed the list. Loved figuring out the clues and noting locations on the list which will help me keep organized so I was glad I had printed it. I particularly enjoyed comparing the lake acreages when looking for the clues. So amazing to put in context how much space we are blessed to have to enjoy. I digress - sorry! I tried again today and was denied access to one game saying limits on participation had been reached. Probably the wrong game or something. I will keep trying but I trust my paperwork more than electronics - sorry! Great idea and I will keep working with the app as I am sure this will be an option again!
