Message:

Gov.Haley, I am a native South Carolinian, living in VA, with hopes to soon return to my much beloved South Carolina. I am a senior citizen, raised in Columbia during the 50s and 60s. I do remember some not so good things about our state....sidewalks painted on Main St, for colored only signs, and yes the KKK marching proudly with "THAT FLAG" held high. It is time, Gov. Haley, for that "symbol of heritage" to come down. Ask those that want "That Flag" on the statehouse grounds, if they would fly it proudly at their places of businesses or worship. I think not. I do believe I have taught my 3 daughters and my 7 grands to love all people and treat them equally. This flag represents hate to too many, not equality or love.

Thank you for your time in reading this, and know my prayers are with you and MY South Carolina. Patsy Claytor
