

Water Missions
International †

George C. Greene III, PE, PhD

Founder and CEO

Dear Gov. Haley -
Thank you for including
Water Missions in your
lunch meeting last week
to discuss the disaster
response initiatives in
Columbia..

We are eager to assist
your staff to pre-permit
water treatment equipment
to ensure people in future
disasters in SC have
ready access to safe
drinking water.

I will also follow up with
your office regarding our
Strategic Partners weekend
March 10-12. Blessings,

George C. Greene III
