South Carolina State Parks is at **Chester State Park**.

at 17:44:57 on 8/23/2019 UTC · 🌐

Today was a great day at Chester State Park as we celebrated the opening of the new outdoor living area and pier. Kudos to our park staff at Chester and neighboring parks who completed this project! But all of this would not have been possible without partners like the Lutz Foundation who gave a \$50,000 grant towards this project, Roseburg Industries who donated the lumber for the pier and Yoder Outdoors who donated some of the furniture! To all of you, we are grateful and we offer a state park salute! www.SouthCarolinaParks.com/chester

Carolee Horne Cope We camped there this week. Pulled out this morning. Sunday night we used the lake front area and roasted marshmallows and hot dogs. The bathhouse has been remodeled with ac/heat. The sites have had improvements. Chester State Park is now my favorite local campground. The staff did an amazing job!
