Community Activist Jack Logan is calling on South Carolina Lawmakers to fix Squishy Candidate Residency Law. Our General Assembly should get rid of the residency Squishiness by requiring candidates to live in Districts on more than a proactive candidate proof of residency just like voters now are currently required to show identification to vote. In this era of transparency and accountability, it ought to be clear where someone lives when they are running for office. Anything less is not right. The Press Conference will be held at 301 University Ridge Tuesday May 17 2016 at 4:00 pm near probate court at 301 University Ridge Greenville South Carolina. We have too many people serving now not living in their Districts and we have people running for office not living where they say they live. I also have ask authorities to look at this as criminal. Your media coverage is invited to this press conference. [8643031030](tel:8643031030)
