Dear,

Nikki I am 15 year old, and I just want to thank you for the hard work you put into making South Carolina a better place. I'm glad you are my Governor, I really think you are the best South Carolina or any State ever had/have. You are the best role model to me. Some day I hoped to be as strong, devoted, caring, and don't take no for an answer like you some day. I have alot of respect for you, when the ice storm was coming in 2014 you ask for the back up resource days ahead as most would of waited till it was needed. I also think you should run for offices some day, even I don't want to see you go I think you would to a wonderful job as are next president. I don't know much about being a governor or to be a president, but my grandfather does, when he was down he for Christmas we were talking about the president and he said you would do a great job as a president. I plan on being a Peds surgeon when I grow up, I all was wanted to help and save people since I was young. I write books and planning on getting one of them publish in the near future.

Thank You and Happy MOther's Day!  
sincerely,  
Brandon Jacob Newell
