

Dear Governor Nikki Haley,

I really appreciate you keeping everyone updated during the storm. If it wasn't for you my mom would have let us stay at home. Even though we didn't get any damage to our house, we still needed to leave because we would've been stuck at home with no lights and I couldn't charge my phone or take a shower.

Even though it seems like all I just care about is the fact that my phone wouldn't get charged, I'm more concerned about the fact that we wouldn't be safe and would have no thing to eat if you didn't make that announcement and change my mamma's mind so thank you Nikki Haley.

Sincerely,
Jasmine Prior
