Hi Katherine,

Please find attached an edited version of the nomination packet. All of my text changes are in red – most were either grammatical changes or changes for clarification. I also changed the last sentence in the first paragraph on the first page because it sounded slightly contradictory. I'm guessing that "Over the years, the use of the awards has changed..." refers to either the frequency with which they were awarded, or the scope of the awards themselves. If it's the first, then the sentence I subbed works ) changing "use" to "usage" – if it's about scope, then I would swap "usage" for "scope." I took out the bullets on page four because each section only had one bullet, so the bulleting wasn't really necessary. Not a lot of changes overall, but if you have any questions or want to talk through any part of the packet, just shoot me and email or give me a call.

Thanks!

Justin

p.s. I saved it as a different file name so you won't have to worry about overwriting your existing file when/if you save this one.
