Birding by boat, kayak fishing, wildflowers in the water, basic paddling skills – whatever your reason, whatever your ability, it's spring, and it's time to canoe or kayak in a state park! Get out on your own or sign up for a "Paddling with a Ranger" program offered at several parks. Check for dates and times and book your paddling adventure, here:

Jeanne Leigh Yarborough Yes!! I have to do with the ranger, though. I have a water-fear thing, AND I love kayaking!! I will never get in a canoe again. Ev-Ry-Ti-Me I do I somehow manage to flip it. Lol

I will click the link in just a bit. Xoxo
