Dear Nikki,

Today, Socrata releases the fourth volume of Open Innovation magazine. This issue discusses what it means for open data to be good, including articles on using open data to:

- Mitigate the impact of natural disasters on a community
- Feed hungry children in a community
- Engage local civic developers

To help your open data efforts, we'd like to offer you access to our interview with Governor Martin O'Malley. In this article, he discusses data-driven leadership and his remarkable success in Maryland.

We hope you find this article informative. You can also [subscribe to Open Innovation for free](#) <<http://info.socrata.com/wlDIy5zS90000V1n00k3f0z>>, and learn more about how your peers are using open data to be successful.
