RECOMMENDATIONS

Highways and Public Transportation Commission
Meeting of July 30, 1992

CONSULTANT SERVICES

In order to develop plans for the widening of Interstate Route 26 from Road S-13 (Remount Road) to U. S. 17 Alternate near Summerville, the Department requests Commission approval to select and negotiate with consultant engineering firms to provide services. It is the Department's intention to have the consultant engineering firm develop plans for the widening of I-26 and all interchange modifications between the termini of the proposed project. Funding for this contract is estimated at \$2,000,000. This project is in Berkeley and Charleston counties and is within the Charleston Area Transportation Study region. This is anticipated to be done with Federal Interstate funds.

Recommendations - 7/30/92

CONTRACT FOR ENGINEERING SERVICES

Pursuant to the Commission's previous action of October 25, 1991, authorizing the Department to seek consultant services to provide "on call" pile driving analysis (PDA) on various projects throughout the State, the Department has entered into a contract with S&ME. Work is to be funded under the appropriate project program.

Recommendations - 7/30/92

CONTRACT FOR ENGINEERING SERVICES

Pursuant to the Commission's previous action of October 25, 1991, authorizing the Department to seek consultant services to provide "on call" Phase I, II, III and IV environmental services statewide, the Department has entered into a contract with S&ME. Work is to be funded under the appropriate project program.

CONTRACT FOR ENGINEERING SERVICES

Pursuant to the Commissions previous action of December 19, 1991, authorizing the Department to seek Consultant Services to mitigate the impact of the S.C. 151 Jefferson Bypass project on sites 38CT54a and 38CT58 through archaeological data recovery excavations in Chesterfield County. The Department has entered into a contract with Garrow and Associates, Inc., in the amount of \$128,271.70. Work is to be funded under the National Highway Program.

Recommendations - 7/30/92

AGREEMENT - PRESTRESSED STRAND SLIPPAGE

The Department has entered in to an agreement with Dr. Richard B. Pool to provide an immediate study of prestressed strand slippage. The agreement is for an amount not to exceed \$4,000.00.

This agreement was executed prior to formal Commission approval due to the immediate nature of the project and at the request of FHWA for an immediate report.

Recommendations - 7/30/92

REVISION - CONSULTANT AGREEMENT

In the Commission of meeting of May, 1992, supplemental agreement No. 5 to the consultant agreement dated September 10, 1986 between the Department and parsons Brinckerhoff Quade and Douglas was approved. Subsequent to that approval it was determined that an error existed in the amount of the extension. The actual amount of the extension would not exceed \$54,685.00. It is recommended that this revision in the amount of the extension be approved.

Recommendations - 7/30/92

TRANSFER OF SED FUNDS

Pursuant to Section 12-27-1270 of the Code of Laws of South Carolina, the South Carolina Coordinating Council for Economic Development has authorized transfer of Supplemental Economic Development Funds in the amount of \$3,800,000 to the State Ports Authority for the purpose of purchasing property in Spartanburg County for a BMW plant site. On July 15 the Chairman of the Coordinating Council informed the State Highway Engineer of the urgency to complete the transfer of the SED funds to the Ports Authority.

The Department does not have authority to expend funds without prior Commission approval, unless directed by the Executive Director acting for the Commission in accordance with Section 57-3-430 of the South Carolina Code. Since there was a compelling reason to proceed with this matter, the Executive Director was incapacitated and the Highway Commission Chairman was unavailable, the State Highway Engineer conferred with the Vice Chairman of the Highway Commission. It was agreed that the State Highway Engineer would act for the Executive Director and the Highway Commission to approve the expeditious transfer of Supplemental Economic Development funds to the Ports Authority. Commission concurrence of this action is requested.

Recommendations - 7/30/92

BUDGET INCREASE

It is anticipated the Department will receive approximately \$2,800,000 in August for previously unreimbursed costs resulting from Hurricane Hugo. It is recommended the Commission increase the 1992-93 budget \$2,800,000 and designate this revenue for the State Secondary System Bridge Replacement/Rehabilitation Program.

Item Nos: PT-401 - PT-402

AMENDED STATEWIDE ALLOCATION OF FEDERAL AND STATE
PUBLIC TRANSPORTATION FUNDS FOR FY 1992-93

It is requested that the Commission amend the June 18, 1992 statewide allocation of federal and state public transportation funds in order to add two additional public transportation projects for fiscal year 1992-93 as outlined on the attached schedule.

Sale of Surplus Right of Way Property - Land

During acquisition of right of way for construction of improvements on SC Route 28 By-Pass and Connections in Anderson County, under File 4.642, the Department acquired right of way from J. C. Herring by Right of Way Easement, dated December 14, 1972, and from M. Lowenstein and Sons, Inc. by Right of Way Easement, dated January 25, 1973.

At the request of an adjoining owner an investigation was made and it was determined that a portion of the above referred to right of way was no longer needed and could be relinquished. Therefore, a gratis quitclaim deed conveying to Sunbelt-Dix, Inc. an approximate 0.07 acre parcel of land was executed on February 21, 1992.

This matter is reported to the Commission in accordance with the requirements of Code Section 57-5-340.

SALE OF SURPLUS RIGHT OF WAY PROPERTY - LAND

In 1947, during acquisition of right of way for construction of improvements on U.S. Route 221 in Spartanburg County, under File 42.272, the Department acquired right of way from T. N. Cooksey Estate by Deed to Right of Way dated June 30, 1947 and from Henry Cleveland Estate by Deed to Right of Way dated June 25, 1947. In 1982, during acquisition of right of way for construction of improvements on I-85 and U.S. Route 221 Relocation, under File 42.860, the Department acquired right of way from Najma Records, Inc., et al, by Condemnation dated June 28, 1982, a portion of which was an uneconomic remainder.

At the request of an adjoining owner an investigation was made and it was determined that a portion of the above referenced old right of way and the uneconomic remainder was no longer needed and could be relinquished in exchange for a deed to a 15' X 20' triangular area on the northwestern side of the intersection of a frontage road and U.S. Route 221 Relocation. Therefore, a gratis quitclaim deed conveying an approximate 0.8 acre parcel of land to Dean Abbott was executed on April 13, 1992.

This matter is reported to the Commission in accordance with the requirements of Code Section 57-5-340.

File 42.860 - I-85/US Route 221 - Spartanburg County

SALE OF SURPLUS RIGHT OF WAY PROPERTY - LAND

During acquisition of right of way for construction of improvements on Road S-28 (Route 409), under File 24.234 - Part 1, in Greenwood County, the Department acquired right of way from James D. Nicholson on April 9, 1947. In 1986, under File 2430.423, the Department relocated a section of this road (now Road S-39).

At the request of an adjoining owner an investigation was made and it was determined that a portion of the old right of way on the western side of relocated Road S-39 was no longer needed and could be declared surplus. Therefore, a quitclaim deed conveying an approximate 0.13 acre of land to Tri-County Ventures, A South Carolina Partnership, was executed on April 22, 1992, for consideration of \$2,015.00.

This matter is reported to the Commission in accordance with the requirements of Code Section 57-5-340.

Y. Thomason, Jr. by Title to Real Estate dated August 8, 1986, and from C. Y. Thomason, Sr. (Life Estate) by Title to Real Estate dated August 6, 1986.

At the request of an adjoining owner an investigation was made and it was determined that a portion of the above referred to right of way was no longer needed and could be relinquished. Therefore, a gratis quitclaim deed conveying an approximate 40 SF parcel of land to George William Thomason was executed on May 1, 1992.

This matter is reported to the Commission in accordance with the requirements of Code Section 57-5-340.

File 24.511.1 - US Route 25/178/221 - Greenwood County

SALE OF SURPLUS PROPERTY - LAND

After construction of the above referenced project was in progress, a water line that had been installed by a private utility company that was ready for connection was discovered in the right of way. To resolve this problem the determination was made that a strip of the above referenced right of way could be relinquished, in order for the water line to be relocated outside the Isle of Palms Connector right of way. Therefore, a gratis quitclaim deed conveying an approximate 0.42 acre of land to Mount Pleasant Waterworks and Sewer Commission was executed on May 18, 1992.

This matter is reported to the Commission in accordance with the requirements of Code Section 57-5-340.
