We are setting off on the 31st for our final 17 state parks/ historical sites in 16 days trip. We will use lake waterree, keowee-toxaway, lake hartwell, and lake greenwood as home bases while exploring. We will finish all 47 parks with a 4 day stay in lake greenwood. We started in Oct. 2020.

can you tell us which is the best way to get into lake waterree with a travel trailer? We are coming from Conway and or 20 west. River rd from Camden and lugoff looks tight and twisty. would 21 or 77 be the best way?

YAY! That's awesome! Great way to get them all knocked out. I would suggest calling Lake Wateree State Park directly concerning the best way to get into the park. Contact info can be found here: <https://southcarolinaparks.com/lake-wateree>
