---

Katherine,

I sent Joe Lowder an email first thing this morning prior to hearing from you regarding Bosch's 3rd quarter report that Bosch had not received yet.

He just called me back and said it should have been sent already and he was going to look deeper into it. On the call with you and Ted, Ted mentioned that the 3rd quarter reports had been delayed because of the SCDEW error. Can you clarify that for me just in case I misunderstood?

Thank you,  
Sunnie
