period of time as a "grace period" until she becomes employed again. If her term has not expired,

then I still suggest that we give her a reasonable grace period (e.g. 1-3 months).

However, the statute (40-33-10) does say "Registered nurse and licensed practical nurse members must be license in South Carolina, must be employed in nursing, must have at least three years of practice in their respective professions immediately preceding their appointment, and shall reside in the district they represent."

>> This is Carol Moody, District 4 representative to the SC Board of Nursing (currently serving as President). I notified Ms. Coleman and Mr. Jennings today that my position as the Associate Chief Nursing Officer for Greenville Memorial Hospital was eliminated effective July 26, 2016. Although this just occurred, I am actively pursuing other career opportunities within SC. I am contacting you/the governor to see whether or not it would be permissible to continue to serve the BON during this

interim period. Thanks in advance for your/the governor's consideration of this request.
