Subject: Anderson Body Cameras

Per Chief Mitchell,

The first few months of Sheriff McBride's tenure were spent taking account of the office and reviewing policies. This included reviewing available equipment and determining what they would need, and then assessing vendors for the items they would need (including body cameras). In mid-May they had been looking at body camera vendors and contact DPS about the grant and were told the application period had closed on May 1<sup>st</sup>, so they missed the deadline. They were also told that even if they had applied they would be ineligible because the previous Sheriff had requested money under the grant but returned the funds without using them. They would just like a fair shot at the grant money since they are now required to have body cameras.
