Subject: Re: National Debt Simplified

Hey,

Did you check out this message that Tim sent you yesterday? When we break our national debt down like that, we can really see just how bad the problem is.

In fact, I just checked the debt clock again and since Tim sent you that e-mail, our national debt has increased by over \$1,000,000.

We really need to get this spending under control, and I'm glad we have people like Tim in Washington fighting to make that happen.

Can I count on you to help him out? Tomorrow is the end of the month, and we're still about \$13,800 away from our goal. It's extremely important that we reach our goal by midnight tomorrow. Please help us out by clicking here: <http://www.VoteTimScott.com/Donate>

Thanks for the help!

Joe
