**Neal - thanks for the inquiry. Most folks just give us a letter from their doctor as proof of disability. To be eligible for the discount, you must be 100% disabled and a South Carolina resident.**

I went yesterday to get a 1/2 price disability yearly pass and was declined. I carried a paper that I printed off the internet, but it was not enough. I am not "so called", 100%, but do receive full monthly benefits for a shoulder/arm birth defect disability. I also have other things that require walking to help. What paper do I need to prove it?  
Thanks, neal hayes1957@gmail.com
