

25 March 2015

Dear Governor Haley:

After 27 years of building Habitat homes for those in need, our Habitat Affiliate is now approaching its 100th Habitat house. This milestone seemed almost unachievable at the inception of our organization. Through the dedication of Habitat and the Aiken community, the 100th home will become a reality this August as we break ground, clear the lot and pour the foundation! However, nothing embodies the Habitat dream more than our Habitat homeowners, and this is particularly true for the prospective homeowners for our 100th home. While we have three wonderful candidate families working to fulfill their requirements, one will soon emerge to become the actual 100th Habitat homeowner. The 100th Home Campaign has been launched calling the Aiken community at-large into partnership with Habitat to support the 100th Home under the theme ... **"Let's Build It Together!"**

We are writing to request your kind support which this wonderful opportunity presents. We have prayed for direction on this and believe that your presence would bring an immeasurable and lasting impact on our mission throughout Aiken County. Our invitation is for the Dedication Ceremony for the 100th Home which is scheduled for Sunday, December 13, 2015 at 3:00 p.m.

We are fully aware of the difficulty you face in responding to the many pressing requests for your presence at very worthwhile events. We are only one small voice, but our Lord hears us, and we know you will too.

Thank you for your kind consideration,
