**Webcast: Our Role with FITARA & FDCCI**

With the passing of the FITARA Act along with the FDCCI, government agencies, now more than ever, need to focus on their datacenters and the efforts they need to take in order to adhere to these acts.

Plans will need to be submitted to Congress and will need to include detailed descriptions of how covered agencies will meet the requirements of the initiative.

The Nutanix Virtual Computing Platform is a converged infrastructure solution that consolidates the compute (server) tier and the storage tier into a single, integrated appliance.

This is your [last chance to join us <http://my.carahsoft.com/acton/ct/2178/s-05d9-1504/Bct/l-0680/l-0680:ef9f/ct1\\_0/1?sid=npE2VuOfx>](http://my.carahsoft.com/acton/ct/2178/s-05d9-1504/Bct/l-0680/l-0680:ef9f/ct1_0/1?sid=npE2VuOfx) to learn how the Nutanix solution is radically simple compared to traditional datacenter infrastructures in many ways, including:

- Rapid time to value: Deployment in under 30-minutes
- No disruption to ongoing operations and works with legacy components
- Powerful off-the-shelf, non-proprietary hardware
- Reduces the cost and complexity of storage while delivering enterprise capabilities

Sign up now, or [click here <http://my.carahsoft.com/acton/ct/2178/s-05d9-1504/Bct/l-0680/l-0680:ef9f/ct1\\_1/1?sid=npE2VuOfx>](http://my.carahsoft.com/acton/ct/2178/s-05d9-1504/Bct/l-0680/l-0680:ef9f/ct1_1/1?sid=npE2VuOfx) for future access to the archived recording if you are unable to attend.

Sincerely,

John Rentz
