Subject: MOX program op-ed

Attachments: [Keep MOX on track for Nuclear Safety.docx](#)

Hi Lewis,

Lieutenant Governor Bryant passed along your information and the MOX program op-ed - it is attached. He said you were hoping to place it in The Hill or Politico? Would you like for me to reach out to your contact or have you already started the process? I am happy to help in any way, and please let me know if you need any additional information from us.

Thank you!
Tori Beth
