Katherine -

As far as 1319 goes, it's a generally non-offensive product that is in a highly regulated area and there are no individual mandates attached to the purchase of the product - it's simply enabling a product to exist.

On 4766, I have followed the bill and am generally alright with the liability exemptions but we're going to sit down with the Governor soon and go through these ratified bills in greater detail. I will keep you updated.

Can you send me bullets on why we signed 1319 (title insurers) and our thoughts on 4766 (his bill that he asked about last week)?

I would like to forward the email on to Stringer and discuss our veto for next week....

Thanks for your help!
