I understand. For you – yes.

Doctors like MD after their name not Dr. Before. Is there any way we can make an exception? This guy is in his late 80s

The picture is blurry and we are unable read the spelling.

Please email me the full name exactly the way he would like for it to displayed on the OOP.

M.D. is traditionally not including? Unless they would like to us his professional title... Dr.XXXXXXX.

Hope that makes sense.

Thanks, KV
