President Jackson requested that a study be made of economies of scale with reference to Full Time Equivalent enrollment at the colleges and universities in South Carolina.

It was moved (Sheheen) and seconded (Cooper) that the Business and Finance Committee prepare a report concerning faculty salary differentials at South Carolina State College and at similar institutions in the State and report to the Commission in December, and that the Commission notify the Budget and Control Board, when it makes its recommendations on October 16, that recommendations concerning appropriations for South Carolina State College might be amended later by the Commission. The motion was amended (Gallager) and seconded (Sheheen) that the Commission determine the extent to which the Appropriation Formula is appropriate to South Carolina State College. The amended motion was adopted, with Mr. Clement opposing.

It was moved (Wright) and seconded (Rudnick) that the moratorium on new program review be lifted to enable the staff and the standing committees of the Commission to consider the proposed Energy Research and Development Center included in Clemson's budget request. Mr. Clement stated that in his opinion the Commission should follow the normal procedures with reference to Clemson's proposal. The motion was adopted, with Mr. Clement and Mr. Gilliam opposing.

#### IV. Other Business

Mr. Clement suggested that in the future the appropriation requests by the public senior colleges and universities be considered initially by the Commission's Committee on Business and Finance, and that the Committee develop recommendations for consideration by the full Commission. Mr. Gilliam concurred. Dr. Bostic stated that the presidents of the colleges and universities should be given the opportunity to make presentations before the full Commission.

Mr. Gilliam requested that the colleges and universities make a greater effort than they have done in the past to place members of minority groups in administrative positions and on faculties and governing boards. Mr. Clement requested that the record show that he shares the concerns expressed by Mr. Gilliam.

Mr. Swanson announced that the Executive Committee will meet at 8:30 a.m. on October 3 to consider the appropriation requests and develop its recommendations to the Commission (all Commission members were invited to participate in the October 3 meeting of the Executive Committee). The full Commission will meet at 10:30 a.m. on Wednesday, October 10, to adopt final recommendations to be presented to the Budget and Control Board and the legislative finance committees on October 16.

The meeting was adjourned at 3:30 p.m. on October 2.

Respectfully submitted,
