Say hello to our new Benefits Enrollment Centers

The Center has funded 12 new organizations to serve as Benefits Enrollment Centers (BECs) helping to provide comprehensive, person-centered assistance to older adults and younger adults with disabilities. We’ve also developed a series of tools that can help any organization assess their readiness for implementing the BEC approach in their community, and get their work off the ground.

Our fact sheet explains more about how the GEP works, and its relation to Part D enrollment. Be sure to also check out our guide to all of the different enrollment periods offered in Medicare.
